ZONING BY-LAW

No. 2018-15

Includes Amendments

2023-02, 2025-08, 2026-08

UNOFFICIAL OFFICE CONSOLIDATION OF THE

PRAIRIE VIEW MUNICIPALITY
ZONING BY-LAW NO. 2018-05

AMENDING BY-LAWS INCLUDED IN THIS OFFICE CONSOLIDATION

By-Law No.	Date Approved	Amendment Description
2023-02	June 13, 2023	Zoning map changes in Miniota and Birtle. See Schedule A Map 2 and Map 3.
2025-08	February 10, 2026	To amend parts, sections, subsections, and bulk standard tables of the existing Zoning By-law 2018-15. Rezoning of Crandall and Birtle properties. **SECTIONS AFFECTED:** Parts 2, 3, 4, and 6, plus **Table 3.2** - Use & Site Requirements: “AG” Agricultural General Zone **Table 3.3** - Use & Site Requirements: "GD” General Development Zone **Table 3.4** - Use & Site Requirements: “RR” Rural Residential Zone **Table 3.8** - Use & Site Requirements: “CC” Commercial Central Zone **Table 3.9** - Use & Site Requirements: “CH” Commercial Highway Zone **Table 3.10** - Use & Site Requirements: “MG” Industrial General Zone **Table 3.11** - Use & Site Requirements: “I” Institutional Zone **Table 4.1** - Animal Unit Conversion Factors **Map 2:** As shown in Schedule “A2” - Birtle rolls 1350 & 1360 east of HWY 83, south of Queen Street be rezoned from dual zones of “CH” Commercial Highway Zone and “AG” Agricultural General Zone to be all “AG” Agricultural General Zone. - Birtle roll 52580 be rezoned from dual zones of “RS” Residential Serviced Zone and “OR” Open Space / Recreational Zone to be all “RS” Residential Serviced Zone. **Map 8:** As shown in Schedule “A1” - The entire “GD” General Development Zone in Crandall between NW -35-13-25W and NW-36-13-25W to be rezoned from “GD” General Development zone to “RR” Rural Residential zone.
2026-08	October 13, 2026	**GENERAL INTENT OF BY-LAW 2026-08:** To amend parts, sections, subsections, and bulk standard tables of the existing Zoning By-law 2018-15. **AREA AFFECTED:** Part 2, 3, 5, 6 Table 3.2 - Use & Site Requirements: “AG” Agricultural General Zone Table 3.3 - Use & Site Requirements: "GD” General Development Zone Table 3.4 - Use & Site Requirements: “RR” Rural Residential Zone Table 3.5 - Use & Site Requirements: “RR5” Rural Estate Residential Zone Table 3.6 - Use & Site Requirements: “RS” Residential Serviced Zone Table 3.7 - Use & Site Requirements: “RU” Residential Un-Serviced Zone Table 3.8 - Use & Site Requirements: “CC” Commercial Central Zone Table 3.9 - Use & Site Requirements: “CH” Commercial Highway Zone Table 3.10 - Use & Site Requirements: “MG” Industrial General Zone Table 3.11 - Use & Site Requirements: “I” Institutional Zone Table 3.12 - Use & Site Requirements: “OR” Open Space / Recreation Zone

Note: This page is intended to be a helpful guide for landowners, development officers / building officials, and members of the general public to assist them in understanding how to use and interpret a municipality's zoning by-law regulations.

HOW TO USE THIS ZONING BY-LAW

This zoning by-law regulates the use, size, height and location of buildings on properties within Prairie View Municipality. The following is a simple four-step process that may be employed to determine the uses and structures that may be allowed on a specific piece of property in a given zoning district.

Step One

What zoning district is your property located in?

- Use the Zoning Maps in **Schedule "A"** at the back of this By-law to determine the zoning for your property.
- Reference **PART 3: Zoning Districts** for a description of the intent of that particular zone.
- Look in the Development Plan and any Secondary Plan that applies to your property to confirm your proposal is supported by the applicable policies in those documents.

Step Two

What uses are "permitted uses" and "conditional uses" in your zoning district?

- Find the column with the zone of your property in the applicable **Use and Bulk Table** in **PART 3 - Zoning Districts**
- Uses marked with the letter **"P"** are **permitted uses** and may be developed once you have received a development permit and building permit.
- Uses marked with the letter **"C"** are **conditional uses** that may or may not be acceptable in a particular zoning district depending on the particular circumstances of a proposed development. Conditional uses require a public hearing process and may have extra conditions imposed on the use to make it acceptable for the location.
- Certain permitted uses and conditional uses in select zoning districts have additional use-specific requirements, check **PART 4 - Additional Requirements for Specific Uses in Different Zoning Districts** of this By-law to determine whether any additional requirements apply to the land use in question.

Step Three

How and where can you develop properties in your zone?

- Find the column with the zone of your property in the applicable **Use and Bulk Table** in **PART 3: Zoning Districts**
- The Use and Bulk Table provides information on allowable height of buildings and structures, required setbacks for yards, and other spatial requirements for a property.
- To understand the specific details of these requirements, you may need to reference the **PART 2 - General Rules and Regulations Applicable in All Zoning Districts, PART 4 - Additional Requirements for Specific Uses in Different Zoning Districts** and **PART 6 - Definitions** of this By-law.

Step Four

What kind of permits do you need?

- In most cases, you will need a **Development Permit** before you start any change in land use or any development (including construction of a building) on a property.
- Check **PART 5 Administration and Enforcement - PART 5** of this by-law to see if your planned development is exempt from needing a Development Permit. If so, you may proceed with development, as long as it meets the other requirements in this zoning bylaw and other applicable by-laws.
- If you need a **Development Permit**, fill out a Development Permit application.
- You are responsible for finding out if any other provincial or federal regulations apply to your development, as well as any other required local permits, including a **Building Permit,** plumbing, electrical, demolition permits etc.

PRAIRIE VIEW MUNICIPALITY BY-LAW NO. 2018-15

BEING A BY-LAW of Prairie View Municipality to regulate the use and development of land.

WHEREAS, Section 68 of *The Planning Act* requires a municipality to adopt a zoning bylaw that is generally consistent with the development plan bylaw in effect in the municipality;

AND WHEREAS, under PART 4 Division 1 of *The Planning Act*, the Mid-West Planning District Board has, by by-law, adopted the Mid-West Planning District Development Plan By-law No. 2-2018;

NOW THEREFORE, the Council of Prairie View Municipality in meeting duly assembled, enacts as follows:

1. By-law No. 2018-15 attached hereto is hereby adopted;
2. The By-law shall be known as the Prairie View Municipality Zoning By-law
3. The following Zoning By-laws, as amended are hereby repealed:
   - Rural Municipality of Miniota Zoning By-law No. 5/2012
   - Town of Birtle Zoning By-law No. 07/02
   - Rural Municipality of Birtle Zoning By-law No. 2010-02
4. This Bylaw shall come into force on April 9, 2019

DONE AND PASSED in Council duly assembled at the community of Miniota, Manitoba, this 9th day of April, 2019

Linda Clark
Signature of Reeve

Signature of Interim Chief Administrative Officer

READ A SECOND TIME this 9th of April, 2019

READ A THIRD TIME this 9th of April, 2019

PRAIRIE VIEW MUNICIPALITY
BY-LAW NO. 2023-02

BEING a By-law of Prairie View Municipality to amend The *Prairie View* Municipal *Zoning By-law No. 2018-15*, as amended

WHEREAS Section 80 of *The Planning Act* provides that a zoning by-law may be amended;

NOW THEREFORE the Council of Prairie View Municipality, in meeting duly assembled, enacts as follows:

ITEM 1:

That Prairie View Municipality Zoning Map 3 - Miniota is amended so Lot 7, Plan 723 NLTO (Roll 380800) lying north of Sarah Avenue and immediately west of P.T.H. No. 83 in the community of Miniota, shown with a solid line on the attached Schedule "A" is re-zoned

FROM: "RS" - Residential Serviced Zone

TO: "CC" - Commercial Central Zone

ITEM 2:

That Prairie View Municipality Zoning Map 2 - Birtle is amended so Lots 5/6 (Roll 11300) and 15-20 (Roll 11580), Blk. 22 Plan "M" NLTO lying south of Woodburn Street between Centre Street and Sixth Street in the community of Birtle, shown with a solid line on the attached Schedule "A" is re-zoned

FROM: "RS" - Residential Serviced Zone

TO: "CC" Commercial Central Zone

DONE AND PASSED by Council in meeting duly assembled at Birtle, Manitoba, this 13th day of June, 2023.

SCHEDULE “A”: ZONING MAPS 75

PART 1: Scope and Applicability

1.1 Title

This by-law shall be known as the Prairie View Municipality Zoning By-law No. 2018-15.

1.2 Scope

This by-law applies to all lands in Prairie View Municipality as indicated on the zoning maps **of Schedule "A"** of this by-law.

1.3 Application

This by-law regulates: a) the construction, erection, alteration, enlargement or placing of buildings and structures b) the establishment, alteration, or enlargement of uses of land, buildings and structures c) all other forms of development not included above.

1.4 Use and Development of Land and Buildings Must Comply

Within Prairie View Municipality, no land, building or structure shall be used or occupied, and no building or structure shall be constructed, erected, altered, enlarged or placed, except in accordance with this by-law.

1.5 Compliance with Other Municipal By-laws, Federal and Provincial Laws and Regulations

Whenever a provision of another by-law or a law or regulation of the provincial or federal government contains a restriction governing the same subject matter contained in this bylaw, or imposes inconsistent regulations with respect to uses, buildings, or structures, the most restrictive or highest standard shall prevail. The onus will be on the applicant to provide sufficient documentation attesting that the applicable by-law or regulation is of a higher standard. Where the use, building and/or structure is regulated by a higher authority under licence or permit, the Development Officer may wave the requirement for a planning district Development Permit.

1.6 Use and Development of Land Will Not Promote Nuisance or Create a Hazzard

In this by-law or in a development permit, approval of a conditional use, variance order or other approval issued under this by-law shall not be construed as authorization for the carrying out of any activity which is a nuisance due to noise, odour, emission, vibration or other cause or create a hazardous condition.

PART 2: General Rules and Regulations Applicable in All Zoning Districts

2.1 Regulation of Uses

No land, building or structure shall be used or occupied except for a use which is:

(a) Listed in the applicable Use and Bulk Table one of the following:
  (i) a Permitted Principal Use;
  (ii) a Conditional Principal Use, subject to Council approval;
(b) A permitted accessory use, building or structure;
(c) A conditional accessory use, building or structure;
(d) Where a proposed use is not listed, and by interpretation of the by-law no equivalency can be found, the proposed use will be deemed to be prohibited and a zoning by-law amendment will be required to allow for the proposed development in the zoning district in which it is located.

2.2 Existing Uses, Buildings and Structures

(a) A lawfully established existing use, building or structure which is classified as a **permitted use**, building or structure in the by-law shall be allowed to continue to exist, and may be enlarged or expanded, may be changed to another permitted use, or may be replaced if destroyed. In these circumstances, the enlargement, expansion, change in use, or replacement shall be subject to the issuance of a development permit, and shall conform to all requirements of the by-law.
(b) A lawfully established existing use, building or structure which is classified as a **conditional use** in this by-law shall be deemed to be an approved conditional use, building or structure and shall be allowed to continue to exist, or may be replaced if destroyed, provided that the replacement does not increase the intensity of the previously existing use.
  (i) In these circumstances, the change in use or replacement shall be subject to the issuance of a development permit, and shall conform with all requirements of this by-law; and
  (ii) Where an enlargement or expansion of such use is proposed, it shall require the specific approval of Council, in accordance with the requirements of **PART 5** of this By-law.
(c) Where a lawfully established use is established on a site and a site area or site width or required yard in accordance with the minimum requirements of this by-law and is thereafter reduced below the minimum requirements of this By-law by virtue of the development of a **public work, street or public utility**, the affected site area, site width and required yard shall be **deemed to conform** to the minimum requirements of this By-law
(d) An existing use, building or structure **which is not classified as a permitted or conditional use**, building or structure in this by-law shall be considered as a **legal non-conforming use**, building or structure, and shall be subject to the provisions *of The Planning Act* governing non-conformities.
  (i) A legal non-conforming use shall be allowed to continue to exist, and may be changed to a permitted use;
  (ii) A legal non-conforming use shall not be intensified and shall not be changed to a different non-conforming use;
  (iii) A legal non-conforming use shall not be re-established if it is discontinued for a period in excess of one (1) year. A change in ownership or tenancy of a non-conforming use shall not affect the status of the non-conforming use;
  (iv) A legal non-conforming building or structure shall not be re-established if it is removed or destroyed by more than 50% of its replacement value above the foundation; and
  (v) Other provisions of The Planning Act governing non-conforming uses, buildings and structures, including a provision which enables Council to consider variation orders in situations where non-conformities are proposed to be enlarged or expanded, shall apply.
  (vi) There shall be a maximum of one dwelling unit per site or land parcel except for the following:
    1. dwelling units which are required for family members or employees, who in, are actively involved in the agricultural operation and deriving income from it;
    2. multiple family dwellings as provided for in this by-law
    3. secondary suites as provided for in this by-law

2.3 Existing Residential Dwellings

Notwithstanding the provisions **PART 2, SECTION 2.2** (above) all lawfully established residential dwellings and their accessory structures existing at the effective date of this By-law are **deemed to be permitted uses** conforming to the minimum bulk requirements of the zone in which the buildings and/or structures are situated. Any enlargement, intensification, expansion or change of use of said existing residential dwellings and their related accessory structures shall conform with all of the requirements of this By-law.

2.4 Multiple Uses or Provisions

Where land, a building, or a structure is used for more than one purpose, all provisions of this by-law relating to each use must be satisfied. Where more than one provision in this by-law is applicable, the higher or more stringent requirement shall apply unless specified otherwise.

2.5 Accessory Uses Buildings and Structures

No accessory use, building or structure shall be established except for those in compliance with the following regulations:

(a) In this Municipality, an accessory use, building or structure may be accessory to a permitted or approved conditional use and may itself be treated as a permitted or conditionally approved accessory use, building or structure.

(b) No accessory use, building or structure shall be established, constructed or erected prior to the establishment of the principal use of land, building or structure to which it is accessory, except for the following:

(i) A "Dwelling, Farm" shall be permitted as an accessory use to a permitted or conditional agricultural operation in all agricultural zoning districts when located on same site as the agricultural activity, provided that prior to the commencement of construction a Development Permit and Building Permit has first been obtained for the dwelling.

(ii) An accessory garage or storage building may be constructed or erected for the purpose of storage of materials and equipment for use during construction of the main building, provided that a Development Permit and Building Permit has first been obtained for the principal building on same the zoning site as the accessory use, building or structure.

(iii) A meteorological tower, used for wind and/or climatic research shall be allowed to be erected, subject to Council's approval, for a term not exceeding three (3) years and shall be subject to all other provisions of this By-law pertaining to the siting of Wind Turbine Generator Stations (WTGS). If the meteorological tower is to remain in place after the maximum three (3) year period, it shall become a part of a (WTGS) and be subject to the conditional use approval process required for a Wind Turbine Generation Station (WTGS) as provided for **PART 3** of this By-law.

(c) The area of land or buildings used or occupied for accessory uses on a site shall not exceed 60% of the area of the site inside the required side and rear yards.

(d) No land, building, or structure shall be used or occupied for any accessory use after the use or uses to which it is accessory have been discontinued.

(e)

(i) Except as permitted by sentence ii), where any building (including structures) on a site is attached to a principal building on the site by a roof, an open or enclosed structure above grade, a floor or a foundation which is above grade, or any structure below or at grade allowing access between the buildings such as a parking garage, breezeway, or corridor, it is part of the principal building and is not considered an accessory building (including structures).

(ii) Where a deck is two (2) inches or less from a building (including structures) it is considered under this zoning by-law to be classified as part of that building (including structure).

(f) Where the accessory building or structure is detached from the principal building or structure, it shall be subject to, and shall conform to, all regulations of this by-law applicable to accessory buildings or structures.

(g) An accessory building or structure shall not be used as a dwelling unit, except where otherwise allowed in this by-law.

2.6 Required Yards

(a) Shall be free of buildings, except accessory buildings and structures, which must conform to the other requirements of this By-law.

(b) Open, unenclosed projections, whether vertical or horizontal, such as stairs, landings, porches, and unenclosed balconies, may extend into the required yards for not more than 50 per cent of the required yard depth, up to a maximum of three (3) M (10 FT), except for wheelchair ramps (or similar accessibility structures), which are not subject to the restrictions for required yards.

2.7 Temporary Buildings, Structures, or Uses

Temporary buildings, structures or uses may be allowed on a non-permanent basis subject to the issuance of a development permit under the following conditions:

(a) When required at the discretion of the Development Officer, a Development Permit for a temporary building, structure or use shall be subject to such terms and conditions as specified by council.

(b) Each Development Permit issued for a temporary building, structure or use shall be valid for a period of not more than

12 months and may not be renewed for more than two successive periods on the same parcel of land. When required, a new permit may be issued.

2.8 Buildings to be Moved or Removed

(a) No building or structure shall be moved in whole or in part to any other location unless every portion of the building or structure is made to conform to or where a variation order is granted pertaining to the regulations of this By-law applying to the zone in which it is located.

(b) Notwithstanding any other by-law or policy of a member municipality regarding demolitions or removals, upon completion of the removal or demolition of a building from a site, the old foundation shall be removed, any excavation shall be filled, the ground shall be leveled and the site shall be put in a safe condition to the satisfaction of the Mid West Planning District Development Officer/Building Official with whom Council shall rely on for advice that the site owner has undertaken appropriate action to ensure public safety on the affected site. Unless otherwise specified, a minimum of six (6) inches of topsoil is to be added to complete the filling of the excavation.

2.9 Road Access

No permanent building may be constructed or placed on a parcel which does not have legal access to an improved public road.

2.10 Landlocked Sites

(a) In unique circumstances, Council may permit development on a site which only has frontage on a private lane or road, provided that the said lane or road is at least twenty feet in width and intersects with an improved street, and is secured by means of a registered easement/declaration of right-of-way. Such accesses shall be developed or improved to a standard that ensures all weather access by emergency services vehicles.

(b) For the purpose of establishing the position of the required yards, the Development Officer shall determine the front, side and rear site lines of a landlocked site.

2.11 Site Reduced by Road Widening

Where the site area or site width of an existing parcel of land have been reduced as a result of land acquired for the establishment or widening of a public road or drain, or for any other public work, the resulting site area and width of the parcel shall be deemed to be incompliance with the minimum site area and width requirements for the existing lawfully established use of the parcel as specified by this by-law.

2.12 Unconventional Sites

Where a site is of such a unique configuration that the required yards cannot be ascertained in accordance with the definitions of **PART 6** herein, the Mid West Planning District Development Officer may designate the location of the required yards. The location and required dimensions of such yards shall be consistent with the intent of the yards specified for the zone within which the site is located.

2.13 Service Connections

Where a parcel is served by municipal piped sewer or water, no permanent principal building or dwelling shall be constructed or placed unless it is connected to such services.

2.14 Open Space Along Rural Roads

Areas adjacent to rural intersecting roads shall be kept clear of features which would contribute to snow drifting problems on the roadway, or which would represent a safety hazard to motorists. Within all agricultural zone(s), the following provisions shall apply to any required front yard, side yard or rear yard which is adjacent to an improved government road allowance, highway or other municipal road:

(a) No building or structure shall be constructed or located within the required yard, except for electric fences, barbed wire fences, chain link fences, wooden rail fences which are at least 75% open in character and small shelters for children at school bus stops;

(b) No excavation such as a dugout or gravel pit shall be located within the required yard;

(c) No substantial planting (such as a shelterbelt or hedge) exceeding a height of three (3) FT shall be located within the required front yard; and

(d) No substantial stockpiling of materials, such as soil, gravel, bales or cordwood shall be located within the required front yard.

2.15 Corner Vision Triangles

In order to provide for a reasonable measure of traffic safety within all of the municipality's zoning districts, it is considered important to provide for good visibility conditions at street intersections, by establishing special open space requirements as follows:

(a) No building, structure, vehicular parking space, shelterbelt, hedge or stockpiling of materials exceeding a height of three (3) FT above grade shall be located within a triangular area of any site adjacent to an intersection of two public streets, with the sides of the triangular area being measured a distance of 10 FT along each property boundary from the point of intersection.

2.16 Projections into Yards

Within all zoning districts in the Municipality, required yards are intended to provide open spaces around buildings and structures for purposes of amenity, privacy, fire protection, and maintenance operations along the walls of buildings. Required yards shall be maintained as open space areas on all sites, except as follows:

(a) Open, unenclosed stairs and landings may extend into any required front or rear yard to a maximum distance of 10 FT, and there shall be no limitation on the construction of unenclosed wheelchair ramps;

(b) Other open, unenclosed projections of a building, including eaves, awnings, stairs, landings, wing-walls, raised decks and balconies, may extend into a required yard up to 50% of the required yard depth to a maximum projection of five (5) FT, whichever is the lesser;

(c) Enclosed projections of a building, including chimneys, alcoves, eaves and bay windows may extend into a required yard up to 50% of the required yard depth to a maximum projection of five (5) FT, whichever is the lesser, provided that no more than 10 SF of area within any required yard is occupied by these types of projection;

(d) Air conditioning units, pool equipment and/or compressors shall be accessory structures in all zones and shall be subject to the following regulations:
   (i) Shall be a minimum distance of 15 FT (4.57 M) to an openable window of a habitable room on an adjoining lot.
   (ii) If located in a front yard, it must be screened with compact hedges or shrubs or other landscaping.
   (iii) Should be no closer than 5 FT (1.52 M) to a side site line in all Residential Zones. In all other zones, it should be no closer than 10 FT (3.05 M) to a side site line.

(e) Landscaping features such as cairns (with a maximum floor area of 25 SF, driveways, sidewalks and patios and at grade level, ornamental plantings, fences and other decorative features are permitted within any required yard, provided that the maximum height of a fence in any required front yard shall be three (3) FT, and the maximum height of a fence in any required side or rear yard shall be six (6) FT;

(f) A garage may be located in the required rear yard providing it is setback a minimum of 10 FT from the rear property line except in instances where the garage doors do not face a rear lane or street in which case the minimum required setback to the rear property line shall be reduced to no less than three feet.

(g) Portable buildings not exceeding 108 SF in floor area for the storage of domestic equipment may be located within any required interior side yard or required rear yard, provided that a separation distance of two (2) FT is maintained from the site line, and a separation distance of three (3) FT is maintained from any dwelling.

(h)
   (i) Except as permitted by sentence ii), the minimum distance between the principal building (including principal structures) and any other building (including structures) shall be ten 10 FT.
   (ii) There is no required minimum distance between a principal building (including a principal structure) when the building (including structure) is:
      1) a hot tub, not on a deck of the principal building, or
      2) a fence.

2.17 Double Frontage Sites

Within all zones, where a site has frontage along two more or less parallel streets, the following provisions shall apply:

(a) Where the site depth is greater than 200 FT, both site lines which abut these streets shall be considered to be front site lines, and the adjacent yards shall both be considered to be required front yards; and

(b) Where the site depth is 200 FT or less, only one (1) site line shall be considered to be the front site line, and this determination shall be made by the development officer, based on the arrangement of existing buildings in the immediate area.

2.18 Hazard Lands

(a) No permanent building shall be constructed or placed in the vicinity of a lake, river, watercourse or body of water on land that would be inundated by the one in two hundred year flood or by a recorded flood exceeding the two hundred year flood, unless the owner provides sufficient information prepared by a qualified engineering consultant licensed to practice in Manitoba, to demonstrate to the satisfaction of council that the land is not subject to flooding; or proper measures will be taken to protect the building from flooding.

(b) No permanent building shall be constructed or placed on land which is subject to subsidence or erosion by water or is marshy or unstable, or is otherwise unsuitable or hazardous by virtue of its soil or topography, unless the owner provides sufficient information prepared by a qualified engineering consultant licensed to practice in Manitoba, to demonstrate to the satisfaction of council that proper measures will be taken to deal with the unsuitability or hazard. Only erosion control or bank stabilization measures designed by a qualified engineer licensed by the Association of Professional Engineers and Geoscientists of the Province of Manitoba will be accepted.

2.19 Public Reserve Land

Public reserve land shall only be used for:

(a) A public park or recreation area;

(b) A natural area;

(c) A planted buffer strip or part thereof separating incompatible land uses; or

(d) Public works.

2.20 Development Near Waste Disposal Grounds and Sewage Lagoons

Parcels of land containing active or abandoned waste disposal grounds and sewage lagoons shall not be located within one thousand three hundred and twenty (1,320) FT and one thousand five hundred (1,500) FT respectively of a dwelling or other habitable building, an urban zone, a "GD" - General Development Zone, and all "RR -"Rural Residential Zone(s) unless a reduced separation distance is recommended by the provincial authority having jurisdiction and Council approves a variation order.

2.21 Development Near Areas with Potential for Aggregate Extraction

No building, dwelling, mobile or modular home or farm building or structure shall be constructed or located within an area which has been designated as a high or medium quality aggregate area by the Province of Manitoba, unless the site has been first been reviewed by the Mines Branch and a recommendation provided which would allow development to proceed. Where the proposed building is a dwelling, mobile or modular home, a separation distance of 500 FT shall be provided between the building location and the limits of the deposit.

2.22 Development Near Railways

(a) Nothing in this By-law shall be interpreted so as to interfere with normal railway operations and maintenance of railway trackage.

(b) Railway office buildings, warehouse facilities, maintenance buildings, and storage areas shall be subject to the requirements of this By-law.

(c) No new dwelling unit shall be located within one hundred and fifty (150) FT of the edge of a railway right-of-way.

(d) All non-railway works and development including surface mining and quarries within 50 M of a railway right-of-way are subject to the provisions of the Federal Railway Safety Act and its regulations including the Mining Near Lines of Railways Regulations SOR/91-104, as amended.

2.23 Development Near the Provincial Highway System

With the exception of fences built for agricultural purposes, any structure or construction proposed within the controlled areas adjacent to the provincial highway system, provincial permits are required from the authority having jurisdiction. Permits from the provincial authority having jurisdiction are also required for any new, modified (including the intensification of use), or relocated driveway proposed to a provincial road or provincial trunk highway.

2.24 Onsite Water Supply and Sewage Disposal Systems

(a) In situations where piped municipal sewage collection and disposal services are not available, landowners may be allowed to construct private sewage disposal systems on their development site in accordance with all applicable provincial regulatory requirements. All onsite wastewater disposal systems must be registered with the provincial

authority having jurisdiction prior to installation by a licensed installer. It is the responsibility of the landowner to apply for provincial permits and/or approvals for all private sewage disposal system.

(b) The provincial authority having jurisdiction should be consulted about permitting or licensing requirements for private water supplies. In the case of proposed development that involves the construction or expansion of a public or semi-public water supply system, the proponent shall be required to contact the Office of Drinking Water - Manitoba Sustainable Development and/or the provincial authority having jurisdiction for information concerning licensing and approvals that must be obtained prior to the commencement of construction.

2.25 Public Utilities

(a) This by-law shall be interpreted so as not to interfere with the construction, erection and location of a public utility's works, plant, pipes, cables, or equipment as defined in this by-law provided that the requirements of such public utility are of a standard compatible with the adjacent area, and that any building or structure erected in any zone complies with the required yard and area requirements applicable to the zone.

(b) Where a public utility (as defined in this By-law) of another municipality is proposed to be located within Prairie View Municipality, it shall first apply to the Mid-West Planning District for approval prior to the commencement of development.

(c) The use and bulk requirements of this by-law do not apply to the transmission facilities (wires, pipes, poles and associated equipment such as transformers and sub-stations) of a public utility as defined herein as equipment such as this may require only very small parcels or none at all (where easements are used).

(d) All office buildings, warehouse facilities and storage compounds owned or used by any public utility or public works shall be subject to all of the provisions of this By-law.

(e) Where any site requirement, including site area, site width, required yard or parking, is reduced below the requirements of this By-law as a result of land acquired for any street, lane, public utility, public works, public park area or public monument, it shall be deemed to conform to the requirements of this By-law.

2.26 Oil and Gas Exploration and Extraction, Electric Transmission Lines and Structures, and Pipelines

Are deemed to be in compliance with this by-law if they are carried out, constructed and operated in accordance with federal and provincial law, **except for oil battery facilities** which shall be subject to the requirements of **PART 3** of this By-law.

2.27 Off Street Parking Requirements

(a) All accessory parking and loading areas and spaces for new buildings shall be located on the same site as the use served unless a variation order is approved by Council for any required parking and/or loading areas or spaces located on a different site than the use being served.

(b) The surface of all accessory off-street parking and loading areas and spaces and the access driveways thereto shall be surfaced with gravel, asphalt or concrete and shall be designed in such a manner that there will be no free flow of water onto either adjacent properties or public sidewalks.

(c) In all zones, when any new development is proposed then provision shall be made for accessory off-street parking in accordance with the regulations and standards contained in this section of the By-law as set out below.

TABLE 2.1: MINIMUM ONSITE PARKING SPACE REQUIREMENTS		
	Use	**Number of Parking Spaces Required**
Residential Uses	Single-Dwelling Dwelling	1.0 / Dwelling Unit
	Two-Dwelling or Multi-Dwelling Dwelling	1.2 / Dwelling Unit
	Mobile Home Dwelling	1.0 / Dwelling Unit
	Bed and Breakfast Home	1.0 / Sleeping Accommodation
	Residential Care Facility	1.0 / each 2 dwelling or sleeping units
Commercial Uses	Hotel and Motel	1.0 / Guest Room or Sleeping Unit
	Eating and Drinking Establishment	1.0 / 4 seats or 1.0 per 100 SF (9.29 SQM) of floor area, whichever is greater
	Convenience and Retail Sales Stores	1.0 per 200 SF (18.6 SQM) of publicly accessed floor area
	All other Commercial Establishments	1.0 per 250 SF (23.2 SQM) of publicly accessed floor area
Industrial Uses	Industrial Uses	1.0 per 1,000 SF (92.9 SQM) of floor area or 1.0 per 5 employees, whichever is greater
Other Uses	Indoor Participant Recreation Service, Religious Assembly, Outdoor Participant Recreation Service, Private Club, Public Library and Cultural Exhibit, and Community Centre	1.0 per 5 seating spaces or 10 ft (3.05 m) of bench space. Where there are no fixed seats, 1.0 for each 100 SF (9.29 SQM) of floor area devoted to the assembly room floor area
	Extended Medical Treatment Service	2.0 per bed
	Education Service	1.5 per classroom, plus 1 for each 100 SF (9.29 SQM) of floor area devoted to public use
	Government Service	1.0 per 550 SF (51.1 SQM) of floor area
	Child Care Service	1.0 for every 2 employees
	Funeral Service	1.0 for every 5 seating places
**Where a proposed use is not listed above, the parking requirement shall be determined by the Development Officer* who shall base said accessory off-street parking required based on the accessory off-street parking required for a similar use that is listed in this table.		

Footnotes Forming Part of Table 2.1

(a) The following regulations shall apply to all parking areas as required by this By-law:

(i) In the case of a multiple use site, the Development Officer shall calculate the parking required for each individual use and the total shall be deemed to be the required parking for the site, unless the applicant can demonstrate to the satisfaction of Council that the complementary use of the parking facilities would warrant a reduction in the parking requirements;

(ii) Parking areas shall be provided with at least one entrance and one exit for vehicles, and driveways and aisles for the removal of a vehicle without the necessity of moving any other vehicle;

(iii) The area shall be drained and maintained with a stable surface which is treated so as to prevent the rising of dust or loose particles; it may be constructed of crushed stone, slag, gravel, concrete, asphalt or other approved material;

(iv) Where parking areas are provided in any commercial, industrial or institutional zone and lighting facilities are provided, such lights shall be so shielded and directed as to reflect away from any adjoining residential area. Where parking areas are provided in any residential zone and lighting facilities are provided, such lights shall be so shielded and directed as to reflect away from any adjoining residential property;

(v) Where a parking area is situated along a site line which coincides with the boundary of a residential zone and is not separated there from by any street, lane or water course, a buffer of a design acceptable to the Council shall be provided;

(vi) No sign shall be erected except:

(vii) signs for the direction of traffic within the parking area, and

(viii) directional signs of not more than five (5) SF in area at each point of entrance and exit.

(ix) Such signs may bear the name of the business if the parking area is connected thereto.

(x) In all zones, when a pre-existing building applies for a change in use, or is enlarged or increased in capacity, then provisions for additional off-street parking is not required on the same property, if approved by Council via resolution. Application for a Change of Use is required to be accompanied by a parking strategy plan based on the calculated spots required if it was a new building, which will be presented to Council for approval.

(b) The layout and design of parking areas shall be as follows:

(i) The layout and design of the parking area shall be in accordance with **TABLE 2.1 "Minimum Onsite Parking Space Requirements"** and **TABLE 2.2 "Parking Area Layout Requirements"**;

(ii) The length of each parking space shall be exclusive of access driveways, aisles, ramps and columns, and office or work areas;

(iii) Where access to a parking space is directly from a lane, the width of the lane adjacent to said parking space may be computed as part of the aisle width required for said parking space;

(iv) The angle of parking shall be measured between the centerline of the parking space and the centerline of the aisle;

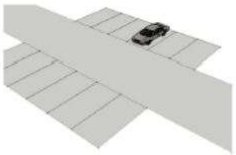

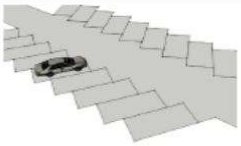

(v) The off-street parking area shall be provided with an access drive with a minimum width of 10 feet, to a street or lane;

(vi) Except as provided for in sentence (iv), an aisle or driveway shall not mean a street or lane; and

(vii) Design of parking areas and access drives need to address safe pedestrian circulation routes, efficiency in the parking layout, accessibility, lighting, aesthetic appearance, service vehicle access,

(viii) and snow removal.

TABLE 2.2: PARKING AREA LAYOUT REQUIREMENTS

Configuration	*Angle*	*Minimum Stall Dimensions*		*Minimum Aisle Width*	
		Width	Length	Two Way	One Way
	75° - 90°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	7.3 m (24 ft)
	60° - 75°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	5.5 m (18 ft)
	45° - 60°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	4.0 m (13 ft)
	30° - 45°	2.75 m (9 ft)	5.5 m (18 ft)	7.3 m (24 ft)	3.7 m (12 ft)
	Parallel	2.75 m (9 ft)	6.7 m (22 ft)	7.3 m (24 ft)	3.7 m (12 ft)

2.28 Accessible Parking Spaces

Out of the total number of required off-street parking spaces, the owner must provide a portion of those spaces so as to be accessible to persons with disabilities, in accordance with the following requirements:

(a) Each accessible parking space:
  (i) must be at least 11.5 FT (3.5 M) wide;
  (ii) must be located within 200 ft (60.96 M) of major building entrances used by residents, employees, or the public; and
  (iii) must include signage reserving the space for use by persons with disabilities.

(b) At least one curb ramp must be located within 100 FT (30.48 M) of the auto parking space closest to each entrance to a principal or accessory building that is not a service entrance; and

(c) The accessible parking space requirements are as follows:

TABLE 2.3: ACCESSIBLE PARKING SPACE REQUIREMENTS

Total Number of Parking Spaces Required	Minimum Number of Accessible Parking Spaces Required
1-25	1
25-50	2
51-75	3
75-100	4
101+	4 plus 1 for every 50 additional spaces, to a maximum of 10 spaces

2.29 Loading Space Requirements

For all building and uses involving regular and frequent receiving, shipping, loading or unloading of persons, animals, goods, wares, merchandise or raw materials, the owner or operator of the buildings or uses shall provide and maintain on the site adequate loading and unloading spaces as follows:

(a) Each loading or unloading space shall be at least 30 FT long, 12 FT wide and have a vertical clearance of at least 14 FT;

(b) Access to loading or unloading areas shall be by means of a driveway at least 20 FT wide contained on the site in which the spaces are located and leading to a street or lane located within the zone in which the use is located;

(c) Loading and unloading areas shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles;

(d) Off-street loading spaces shall not be permitted in a required corner side yard; and

(e) The number of loading spaces shall be provided in accordance with the following:

TABLE 2.4: MINIMUM LOADING SPACES

Area of Building	Minimum Loading Space
Less than **5,000** SF	One (**1**) space
Exceeding **5,000** SF but not more than **15,000** SF	Two (**2**) spaces
Exceeding **15,000** SF	Three (**3**) spaces

2.30 Parking Area Entrances / Exits for Automobile Service Stations, Public Parking Areas, Drive-Through Facilities, and Vehicle Sales

Automobile service stations, public parking areas, drive-through facilities, and all vehicle/equipment sales shall require at least one entrance and one exit for vehicles, driveways and aisles for the removal of a vehicle without the necessity of moving any other vehicle. Access to sites for the titled uses for vehicles shall be only by way of entrances and exits provided in accordance with the following:

TABLE 2.5: PARKING AREA ENTRANCE AND EXIT REQUIREMENTS

Minimum width of an entrance or exit	20 FT
Minimum width of a combined entrance and exit	25 FT
Maximum width of an entrance or exit	40 FT
Maximum width of a combined entrance and exit	60 FT
Minimum distance between any part of an entrance, exit and the intersection of street site lines or the intersection of a street site line and a side site line on a public lane	30 FT
Minimum distance between entrances and exits	30 FT

2.31 Fences – Residential Uses

A fence on a residential property:

(a) shall not include electric fences or barbed wire fences;
(b) shall not be higher than:
    (i) Three (3) FT (0.91 m) in a required front yard, and
    (ii) Six (6) FT (1.82 m) in a required side or rear yard measured from the highest part of the fence to the point where the fence post enters grade;
(c) are permitted in all required yards and can be placed up to the property line; and
(d) Outdoor storage of materials shall only be in Side and/or Rear Yards and shall not project above the height of side or rear yard fences (where they exist or are proposed) except for recreation vehicles.

2.32 Fences – Non-Residential Uses

A fence on all properties other than residential properties:

(a) in all agricultural zones, electric, barbed wire and wooden rail fences of a type not obstructing views of road traffic shall be permitted within the limits of the parcel on which they are located and should not exceed a height of eight (8) FT (See also **SECTION 2.23 of this PART**).
(b) in the case of the **"CC", "CH", and "MG"** zones, chained wire fences are allowed where the top 2.0 FT (0.6 M) of the fence can be barbed wire for security purposes;
(c) shall not be higher than:
    (i) all other non-residential fencing shall not exceed four (4) FT (1.22 M) in a required front yard; and
    (ii) eight (8) FT (2.44 M) in a required side or rear yard measured from the highest part of the fence to the point where the fence post enters grade;
(d) are permitted in all required yards and can be placed up to the property line.
(e) outdoor storage shall be allowed to project above the height of the front, side and rear yard fencing but only in the" CC", "CH", and "MG" Zones.

2.33 Advertising Signs and Billboards

Billboards and other advertising signs directing attention to a business, commodity or message offered elsewhere than upon the same zoning site on which that sign is located may be allowed subject to satisfying the zoning district specific use and bulk requirements set out in that zone's Use and Site Requirements Table in **PART 3** of this By-law. These signs will require the proponent to obtain a **Development Permit** and **may require conditional use approval** subject to the total size of the advertising sign being proposed.

2.34 Accessory Signs – General Provisions

The following provisions shall apply to all accessory signs erected or maintained within the Municipality, except wherein otherwise stated:

(i) Accessory signs and sign structures may be allowed as accessory uses in accordance with **PART 2, Table 2.6**, and may require the issuance of a Development Permit;
(ii) All accessory signs shall comply with the minimum yard requirements for accessory structures in the zone in which they are to be located or erected and as may be provided in this section;
(iii) No accessory sign or sign structure shall be erected at any location where it may interfere with or obstruct the view of any street, intersection or railroad grade crossing, or be confused with any authorized traffic sign, signal or device. No rotating beam, beacon or flashing illumination resembling an emergency light shall be used in connection with any sign display;
(iv) No accessory sign may contain flashing lights or digital images unless specifically allowed in **PART 2, Table 2.6**. All accessory signs with flashing lights or digital images are prohibited within 100 FT (30 M) of residential zones;
(v) No accessory sign or structure shall be erected or maintained on, over or above any land or right-of-way belonging to the Municipality without a Development Permit and an encroachment agreement registered on title of the subject property/building which abuts the municipally owned right-of-way;
(vi) The placing of accessory signs within the control area of a Provincial Road or Provincial Trunk Highway shall require a permit/approval from the provincial authority having jurisdiction;
(vii) All accessory signs shall be setback a minimum of five (5) FT from the limits of the parcel on which it is located and to which it is accessory. In the case of a corner lot, the corner side yard setback shall be increased to minimum of 12 FT.
(viii) All accessory signs and structures shall be kept in good repair and in a proper state of preservation. Signs which have become obsolete because of discontinuance of the operation or activity or are not maintained in good condition or repair shall be repaired, removed or relocated within 30 days following notice by the Development Officer; and

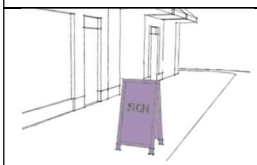

(ix) The following accessory signs **shall not** require a **Development Permit**. However, they must still comply with any applicable siting and setback requirements in this By-law:

(i) Signs posted by duly constituted public authorities in the performance of their public duties;
(ii) Flags or emblems of a political, civic, educational or religious organization;
(iii) Commemorative or memorial signs or tablets;
(iv) Temporary signs including real estate signs, construction signs, election signs, garage sale signs and similar;
(v) Residential on-site identification signs or warning signs (such as "Private Property" signs and similar) not exceeding four (4) SF in surface area; and
(vi) Signs required for direction and convenience of the public, including signs identifying restrooms or parking entrances, not exceeding five (5) SF in sign surface area.

TABLE 2.6: ZONING DISTRICT SPECIFIC ACCESSORY SIGN REGULATIONS BY SIGN TYPE

Sign Type	Siting Specifications		Allowed in Zones	Development Permit Required
 **Address/Name**	Quantity	1 per address	AG, GD RR, RR5, RS, RU CC, CH MG I, OR	No
	Area	maximum 4.0 SF for single detached dwellings, 32 SF for multi-dwelling dwellings, religious institutions and other non-residential buildings		
	Depth	max 3.0 inches		
 **Awning**	Quantity	1 per window	GD CC CH MG I	Yes
	Area	n/a		
	Width	maximum equal to building facade		
	Depth	minimum 4.0 FT		
	Dist. from Curb	min 2.0 FT		
 **Fascia/Wall**	Quantity	1 per business	GD CC, CH MG I OR	No
	Area	1.5 square foot per linear foot of facade		
	Width	max 90% width of facade		
	Depth	max 7.0 in		
 **Freestanding/Ground**	Quantity	1 per site	AG, GD CC, CH MG I, OR	Yes
	Area	single occupancy = max 100 SF. multiple occupancy = max 300 SF.		
	Height	maximum 8.0 FT		
	Width	maximum 4.0 FT		
	Depth	max 12.0 inches		
 **Marquee**	Quantity	1 per business	GD CC, CH MG I, OR	Yes
	Area	n/a		
	Width	entrance plus 2 FT per side		
	Depth	minimum 4.0 FT; maximum 10 FT		
	Dist. from Curb	minimum 3.0 FT		

TABLE 2.6: ZONING DISTRICT SPECIFIC ACCESSORY SIGN REGULATIONS BY SIGN TYPE

Sign Type	Siting Specifications		Allowed in Zones	Development Permit Required
 **Outdoor Display Case**	Quantity Area Width Height Depth	1 per business max 6.0 SF. max 3.5 FT max 3.5 FT max 6.0 inches	GD CC, CH MG I, OR	No
 **Portable/Mobile**	Quantity Area Width Height Setback	1 per site maximum 48.0 SF. n/a maximum 10.0 FT. a minimum of 12 FT from the corner site lines of intersecting streets	AG, GD CC, CH MG I, OR	Yes
 **Projecting**	Quantity Area Width Depth	1 per business max 4.0 SF. maximum 4.0 FT maximum 4.0 FT	GD CC, CH MG I, OR	Yes
 **Sidewalk/Sandwich**	Quantity Area Width Height	1 per business maximum 8.0 SF. maximum 26 inches maximum 42 inches	GD CC, CH MG I, OR	No

PART 3: Zoning Districts

3.1 Zoning Districts in Prairie View Municipality

The following zoning districts are hereby established in this By-law and are intended to provide sufficient land in suitable locations to meet the needs of the municipality while also being generally consistent with the provisions of the Mid-West Planning District Development Plan.

TABLE 3.1: ZONING DISTRICTS ESTABLISHED

Abbreviations	Zoning District Name	Refer to Section
"AG"	Agriculture General Zone	3.6
"GD"	General Development Zone	3.7
"RR"	Rural Residential Zone	3.8
"RR5"	Rural Estate Residential Zone	3.9
"RS"	Residential Serviced Zone	3.10
"RU"	Residential Un-Serviced Zone	3.11
"CC"	Commercial Central Zone	3.12
"CH"	Commercial Highway Zone	3.13
"MG"	Industrial General Zone	3.14
"I"	Institutional Zone	3.15
"OR"	Open Space / Recreation Zone	3.16

3.2 Zoning District Boundaries

The zoning districts established **in TABLE 3.1** (above) shall apply within the boundaries of the zones shown on the maps in **Schedule "A"** of this by-law and the following rules of interpretation shall apply in all zoning districts:

(a) Boundaries indicated as approximately following the centre-lines of streets, lanes, highways, rivers, or railway or public utility lines or rights-of-way shall be construed to follow such centre-lines;

(b) Boundaries indicated as approximately following parcel limits as shown on a registered plan or by reference to the Dominion Government Survey shall be construed to follow such parcel limits.

3.3 Permitted and Conditional Uses

The permitted, conditional and accessory uses prescribed for parcels within each zoning district are those set out in the Use Tables of **PART 3** of this By-law as follows:

(a) Permitted uses are indicated with the letter **[P].**

(b) Conditional uses are indicated with the letter **[C].**

3.4 Use and Bulk Regulations

No land, building or structure shall be used or occupied, and no building or structure shall be constructed, erected, altered, enlarged, or placed, except in accordance with the use and bulk requirements described in the **Use and Bulk Regulations Tables of this PART** or elsewhere in this by-law.

3.5 Additional Requirements for Specific Uses in Different Zones

Regardless of whether a use is allowed as a permitted use or a conditional use, and regardless of the zoning district in which the use is located, additional standards for specific uses may apply and are set out in **PART 4** of this By-law and must be met, except as may otherwise be provided for in this By-law through a Conditional Use or Variance Order.

3.6 "AG" Agriculture General Zoning District Purpose and Intent

The **"AG" Agriculture General Zoning District** is hereby established in this zoning by-law and is intended to:

(a) Support and strengthen the agricultural industry in the municipality and to provide flexibility and opportunity for farm operators to engage in a variety and range of farming practices; and

(b) Protect the agricultural industry and its land resources in recognition of the contribution of agriculture to the economy, lifestyle and character of the municipality.

(c) Protect the environmental carrying capacity of the land base to sustain the range of uses associated with this zoning district.

(d) Allow for a limited amount of non-agricultural uses, provided the primary use of the land is agriculture.

3.6.1. "AG" Agriculture General Zone – Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Animal Housing Facilities located on conditionally approved small rural land holdings such as a "riding academy and stables" or a "non-farm dwelling" site shall be allowed as a permitted accessory use. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units (cumulative across species) as calculated from **PART 4, Table 4.1** of this by-law and shall not exceed one animal unit per acre of site area and shall be subject to the following additional requirements:

1. The animal housing facility and any manure stored onsite shall be separated a minimum distance of 500 FT from the limits of all General Development Zones, Rural Residential Zones and/or Seasonal Recreation Zones and 328 FT away from all residences other than the owner's residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In addition, all animal housing facilities and any manure stored onsite shall be setback a minimum of 125 FT from all public roads, and 75 FT from the side and rear limits of limits of the property on which they are sited.
2. Notwithstanding the nine (9) animal unit cap (cumulative across species) referred to in this section, where a conditionally approved riding academy and stables or non-farm dwelling site proposes to keep ten (10) or more animal units (cumulative across species), they shall be deemed to be a "livestock operation" as defined in **PART 6** of this by-law and shall be required to satisfy the use and bulk requirements for a "livestock operation" in the "AG" Agricultural General Zone as set out in **PART 4** this by-law as well as having to satisfy other provisions of **PART 5** of this by-law.

(ii) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.

(iii) Accessory Religious Institution
In the "AG" zone, an "accessory religious institution" which is located on the same site and in direct support of either a permitted or conditionally approved agricultural activity or livestock operation may be developed and shall be treated as a permitted accessory structure.

(iv) Accessory Shipping Containers
In the "AG" Zone, an "accessory shipping container" as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).

(v) Accessory Signs as provided for in **PART 2** of this By-law.

(vi) Accessory Tent-Like Structures
In the "AG" Zone, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a permitted or conditionally approved general or specialized agricultural activity, livestock operation, farm or non-farm dwelling site. All accessory tent-like structures greater than one-hundred and eight (108) SF shall be subject to the issuance of a Development Permit.

(vii) First Farm dwelling, Mobile and/or Modular Home when located on the same parcel of land as the agricultural operation to which they are accessory.

(viii) Home based business activities shall be developed in accordance with the requirements of **PART 4** of this by-law.

(ix) Personal Telecommunications Tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved single private agricultural activity or private residential activity shall be treated as a permitted accessory structure. All such personal telecommunications tower structures shall be set back from all property lines a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(b) **Conditional Accessory Uses Buildings and Structures**

(i) Accessory Farm Based Air Landing Strips and Related Storage Facilities

1. In the "AG" Zone, all newly siting accessory farm-based air landing strips and their related storage facilities may be developed as a conditionally approved accessory use only when they are located on and forming part of a permitted or conditionally approved agricultural operation subject to the following additional requirements:
    a) The minimum parcel size required for a permitted or conditionally approved agricultural operation wanting to develop an accessory farm-based air land strip and its associated storage facilities shall be 80 acres and the site shall have a minimum width of one-thousand (1,000) FT;
    b) The accessory farm-based air landing strip and any related storage facilities shall be setback a minimum of 300 FT from all property lines of the site on which it is located;
    c) No newly siting accessory farm-based air landing strip and any related storage facilities shall be developed within 1 mile of the limits of a "GD" General Development zone, all rural residential zone(s) and all seasonal recreation zones.
    d) Existing farm-based air landing strips and their related storage facilities which do not comply with the minimum use and bulk and siting and setback requirements as set out in this section shall be deemed to be an approved accessory use as they existed on the date of the adoption of this by-law.
2. Notwithstanding anything in this By-law, all accessory farm-based air landing strips and their related storage facilities shall be subject to Transport Canada requirements and/or recommended guidelines (where applicable) and it shall be the responsibility of the proponent to investigate the need for any required permits, approval or licenses as may be required from Transport Canada.

(ii) Additional Farm dwellings, Mobile and/ or Modular Homes when located on the same parcel of land as the agricultural operation to which they are accessory. To conform with 2.16 h) of this by-law, the dwelling shall be treated as a principal building.

(iii) Secondary Suite

Not more than one "secondary suite" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted "farm dwelling" or conditionally approved "non-farm dwelling". Notwithstanding the siting and setback requirements for "accessory uses" as provided for in **TABLE 3.2 of this PART,** all secondary suites shall satisfy all of the siting and setback requirements of **PART 3, TABLE 3.2** herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authority having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

(c) **Prohibited Accessory Uses Buildings and Structures**

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: Uses** of this by-law.

[2] Provisions of **PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of **PART 2 or PART 4** and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes Forming Part of Table 3.2: "AG" Agriculture General Zone:

In addition to the minimum requirements for **TABLE 3.2** (above), the following requirements shall apply:

(a) Under authority of the applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(b) Except for cemeteries where a site or rear site line is adjacent to a government road allowance or other municipal road, the minimum required yard shall be 125 FT.

(c) Apiaries or bee colonies shall be considered as a conditional use when proposed to be located within 1 mile of a designated residential area, seasonal recreation area and/or urban settlement center.

(d) Notwithstanding the minimum site area requirement specified in **TABLE 3.2 herein**, all newly siting or expanding livestock operations shall have access to (either by direct ownership or lease) and use of sufficient lands to accept the application of all of the livestock manure generated by the operation in a sustainable manner on an annual basis in accordance with the provisions of the Livestock, Manure & Mortalities Management Regulation 42/98, as amended and the Nutrient Management Regulation 62/2008, as amended.

(e) New or expanding livestock operations are deemed to be a conditional use regardless of their location when the total number of animal units (AUs) being produced, inclusive of all animal species, is equal to or greater than 300 animal units (AUs) cumulative across species. All livestock operations located in the **"AG" Agriculture General Zone** producing 10 or more animal units (cumulative across species) shall also be subject to the requirements of **PART 4** of this by-law.

(f) The maximum site area shall be 10 acres, unless the physical features of the site, such as natural drains, shelter belts, etc. indicate that a slightly larger site would be appropriate.

(g) Anhydrous ammonia storage facilities shall be set back 350 FT from any public roadway and shall be separated by a distance of 1,000 FT from any individual residence or building of human occupation except for the residence or building of human occupation of the operator or caretaker and shall be separated by a distance of 2,640 FT from any residential area and public buildings.

(h) Where two municipal roads intersect the minimum required yard shall be 200 FT measured from the center line of the intersection.

(i) Notwithstanding the requirements of **TABLE 3.2 herein**, all animal housing facilities shall be setback a minimum of 50 M (164 FT) from the property boundaries of the livestock operation and all feedlots and manure storage facilities shall be setback a minimum of 100 M (328 FT) from the property boundaries of the livestock operation.

(j) Additional Requirements for Siting Wind Energy Generation Stations:

In addition to satisfying the minimum requirements of **TABLE 3.2 of PART 3 herein**, the following additional requirements shall also apply to the development of wind energy generation stations (WEGS).

i) Each wind energy generation station (WEGS) facility shall be dedicated only to the location of the wind energy generation station tower and/or the associated accessory buildings and infrastructure. The wind turbine tower is the principal use of the (WEGS) site but the land within the (WEGS) site that is not used for the facility may be used for compatible agricultural activities provided all other provisions of this by-law are satisfied.

ii) No portion of a (WEGS) tower, including its blade assembly shall extend beyond the limits of the site on which it is located unless the affected property owner has provided written authorization to the WEGS developer and Development Officer.

iii) All accessory buildings and structures associated with and located on the same site as a Wind Energy Generation Station (WEGS) tower shall be set back a minimum of 125 FT from all property lines of the site on which the (WEGS) is located. Where the site is located within the controlled areas of the provincial highway system, the proponent shall be responsible for obtaining required permits from provincial authority having jurisdiction.

iv) A (WEGS) project involving more than one site and/or parcel of land may be processed at the same time. However, separate conditional use applications and any resulting conditional use orders shall be issued for each separate site containing one or more wind energy generation station tower.

v) Proponents of a wind energy generation station (WEGS) development shall submit to the Development Officer a detailed site plan showing the location of all wind turbine towers, electrical lines (above or below ground), on-site roads and driveways providing access to the public road system and setback information to adjacent development as part of the conditional use application.

vi) Proponents of a (WEGS) development are responsible for obtaining any required Federal and/or Provincial permits or approvals from agencies such as but not limited to Transport Canada, NAV Canada, Manitoba Hydro and all provincial authority having jurisdiction, prior to the issuance of a development permit and any required building permits.

vii) When locating a proposed wind energy generation station tower in the vicinity of an airport all Transport Canada regulations regarding lighting, height and location of buildings and structures shall be satisfied.

viii) A development permit and building permit (if required) shall be obtained prior to the commencement of construction.

ix) All signage and/or lighting affixed to a commercial Wind Energy Generation Station (WEGS) towers shall be subject to the approval of Council. Any illumination of the facility shall be arranged so that it does not create glare at any nearby property or public roadway.

x) A private wind energy generation station (WEGS) located on the same site and in direct support of either a permitted or conditionally approved single private agricultural activity or private residential activity shall be treated as an accessory structure. This structure shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of extension of its rotors.

xi) The total height of all (WEGS) towers shall be the distance measured from the ground to the uppermost point of the extension of any rotor blade.

(k) Minimum Separation Distances Between Wind Energy Generation Stations and Adjacent Development:
In addition to satisfying the minimum requirements of **TABLE 3.2 of PART 3** herein, the following additional **mutual** separation distances set out below shall also apply to both land uses cited in each clause).

i) All (WEGS) tower bases shall be separated a minimum distance of one thousand six hundred and forty FT from all dwellings and other habitable buildings (e.g. motel) located on all lands except as provided in clause ii (below).

ii) All (WEGS) tower bases shall be separated a minimum distance of one and one half (1.5) times the total height of the tower plus rotor from employee accommodation buildings built and owned by the WEGS company/operator which are located on leased or owned lands which are part of the wind farm development.

iii) All (WEGS) towers shall be separated a minimum of one half (1.5) times their total height from any other titled property including the boundary of a railway right-of-way, government road allowance or provincial road or provincial trunk highway. Where a (WEGS) is proposed within the control area of a provincial road or provincial trunk highway, they shall be subject to the approval of the provincial authority having jurisdiction.

iv) All (WEGS) tower bases shall be setback a minimum 200 FT from the ordinary high-water level of a lake or water course.

v) All (WEGS) tower bases shall be setback a minimum of one half mile (2640 FT) from all zoned urban areas, rural residential areas and/or seasonal recreation areas.

(l) Oil field battery facilities shall be considered a conditional use only when they are proposed to be located or expanded within one half mile of any dwelling or habitable structure, otherwise they shall be deemed a permitted use.

(m) Animal housing facilities located on small rural land holdings such as a "riding academy and stable" or a single "farm dwelling" site or "non-farm dwelling" site shall be allowed as a permitted accessory use in all agricultural zones. In such circumstances, each site shall be allowed to accommodate a maximum of up to nine (9) animal units (cumulative across species) as calculated from **TABLE 4.1 of PART 4** of this by-law and shall be subject to the following additional requirements:

i)

1. The animal housing facility and any manure stored onsite shall be separated a minimum distance of 500 FT (152.4 M) from the limits of all "GD" General Development zones, and/or "RR" Rural Residential zones herein and 328 FT (100 M) away from all residences other than the owner's residence located on the same site as the animal housing facility and any manure stored onsite, adjacent motels, restaurants and community buildings. In addition, all

animal housing facilities and any manure stored onsite shall be setback a minimum of 125 FT from all public roads and 75 FT from the side and rear limits of the property on which they are sited.

2. The maximum amount of livestock which may be kept within a small rural land holding such as a riding academy and stables or non-farm dwelling site shall not exceed 0.75 Animal Units (AU) per two (2) acres of site area, to a maximum of nine (9) Animal Units (cumulative across species).

ii) Notwithstanding subsection (m) i) 2. (above), where a conditionally approved riding academy and stables proposes to keep 10 or more animal units (cumulative across species), they shall be deemed to be a "livestock operation" as defined in **PART 6** of this by-law and shall be subject to the use and site requirements for a "livestock operation" as set out in **TABLE 3.2 of this PART** as well as the requirements of **PART 4** of this by-law.

(n) Council or the Mid-West Planning District may require the proponent to provide it with a physical site plan and/or a business plan as part of the conditional use application to assist in determining support for this type of land use.

(o) Where a proposed development involves the construction of "water control works" or "drainage works" as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(p) Newly siting facilities of this type shall generally be directed to existing urban settlement centers and rural settlement centres but may be allowed in the **'AG' AGRICULTURE GENERAL ZONE** if Council is satisfied that no suitable site is available in an existing urban community.

(q) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(r) The site area, site width and minimum required yards can be adjusted to ensure a minimum radius area of the height of any towers / antennas from grade to the highest point will be within the property boundaries and to added as a condition to the Conditional Use Order.

(s) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.7 "GD" General Development Zoning District Purpose and Intent

The **"GD" General Development Zoning District** is hereby established in this by-law and is intended to provide for residential and related community development within the rural settlement centres of Arrow River, Beulah and Isabella and within the urban community of Foxwarren.
The keeping of any livestock is **prohibited** in this zoning district.

The General Development Zone provides as permitted uses, those uses generally found in small communities that are compatible with residential uses as well as schools, recreation facilities and limited commercial and light industrial uses. Conditional uses in this zone represent uses that may be characterized by larger building scale, may generate increased traffic, have operating processes and/or storage needs, which require site specific assessment to ensure the right locational fit within the community.

3.7.1 "GD" General Development Zone – Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.

(ii) Accessory Signs as provided for in **PART 2** of this By-law.

(iii) Accessory Tent-Like Structures
In the **"GD" Zone**, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a single dwelling, modular, mobile home or two-unit dwelling and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory tent-like structures between 108 SF and 250 SF shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding 250 SF shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

(iv) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **PART 3, TABLE 3.2 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(v) Home Based Business Activities
Shall be developed in accordance with the requirements of **PART 4** of this by-law.

(b) **Conditional Accessory Uses Buildings and Structures**

(i) Secondary Suite
Not more than one "secondary suite" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted "single-unit dwelling". Notwithstanding the siting and setback requirements for "accessory uses" as provided for in **TABLE 3.3 of this PART**, all secondary suites shall satisfy all of the siting and setback requirements of **PART 3, TABLE 3.3** herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authority having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

(ii) Pole Type Structures / Buildings as defined in **PART 6** of this by-law may be allowed as a conditionally approved accessory structure / building only when it is located on the same site as the principal building or use of land to which it is accessory.

(c) **Prohibited Accessory Uses Buildings and Structures**

(i) Accessory Shipping Containers
An "accessory shipping container" as defined in **PART 6** of this By-law are prohibited within the **"GD" General Development Zone**.

(ii) The Keeping of Livestock
The keeping of any livestock and/or the construction of buildings or other structures or enclosures for the purposes of any keeping livestock **shall not be allowed** within the **"GD" General Development Zone**.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: Uses** of this by-law.

[2] Provisions of **PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of **PART 2 or PART 4** and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes Forming Part of Table 3.3: "GD" General Development Zone:

In addition to the minimum requirements for **TABLE 3.3** (above), the following requirements shall apply:

(a) In addition to the minimum requirements for **TABLE 3.3**, the following requirements shall apply:

(i) Maximum allowable height for all buildings and structures shall be 30 FT, excepting grain storage structures, fuel and fertilizer storage tanks, church steeples and telecommunication towers.

(ii) Minimum dwelling unit area shall be 1,000 SF for a residential building, and 400 SF for an accessory residential suite within a commercial building.

(b)

(i) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial department having jurisdiction, the minimum bulk requirements shall be adjusted as follows:

1. Minimum required site area shall be two (2) acres
2. Minimum required site width shall be 200 FT
3. Minimum required side yard shall be 30 FT.

(ii) Regardless of the whether the site is serviced by a piped municipal sewer system, holding tank or individual onsite sewage disposal system (e.g. tile field), the minimum required side yard shall be 12 FT in the case of the street side of a corner site.

(iii) Where a two (2) unit dwelling or a multi-unit dwelling serviced by a municipal sewer system or private holding tank is to be subdivided in a manner to create separate zoning sites for each dwelling unit, the minimum required side yard for interior side yards sharing a common party wall shall be reduced to zero (0) FT. For two-unit dwellings sharing a common party wall, the minimum site area required for each dwelling unit shall be reduced to 5,000 SF and the minimum required site width shall be reduced to 50 FT.

(c) The minimum front yard requirement for a site where there are existing buildings on either side of the site shall be the average of the front yards of the adjacent buildings provided the average is not greater than the minimum site requirements.

(d) For mobile home sites, there shall be an open space at least 20 FT by 50 FT adjacent to the side of the mobile home containing either the entrance or the main living room window.

(e) Where the site **IS** serviced by a municipal piped wastewater system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements for sites with three (3) or more dwelling units or suites shall be as follows:

  (i) Minimum required site area - 10,000 SF for the first three dwelling units or suites with an additional 1,000 SF for each additional dwelling unit or suite above the first three units/suites.

  (ii) Minimum required site width - 100 FT

  (iii) Minimum required side yard - 6 FT excepting the street side of a corner site which shall be 12 FT.

(f) Where the proposed development consists of a building or structure less than 100 SF in floor area, a smaller site may be approved by Council, provided that the site is not adjacent to a required front yard of a residential site, and provided that a separation distance of 7 FT is maintained from all site lines.

(g) Where the side or rear site line of a site is adjacent to a railway right-of-way, the required yard shall be zero (0) FT for structures which require railway loading service.

(h) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(i) In the case of buildings or structures which are accessory to residential uses, when located entirely to the rear of the principal building, the minimum required side yard and rear yard for accessory buildings and structures shall be three (3) FT.

(j) Where an accessory building is used for the storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 FT from a public lane.

(k) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(l) The keeping of any livestock and/or the construction of buildings or other structures or enclosures for the purposes of any keeping livestock **shall not** be allowed within the **"GD" General Development Zone**.

(m) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(n) Where a proposed development involves the construction of "water control works" or "drainage works" as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(o) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(p) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.8 "RR" Rural Residential Zoning District – Purpose and Intent

The "RR" – Rural Residential Zoning District is intended for rural residential, and homesteading located inside rural settlement areas. Rural residential development will be located and designed to preserve the natural or agrarian character of the area. Lot sizes may be larger than those found in urban centres, but not so large as to be wasteful of land. These lots rely on onsite water and wastewater infrastructure [Reg 2.3.1].

3.8.1 "RR" Rural Residential Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.

(ii) Accessory Signs as provided for in **PART 2** of this By-law.

(iii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **PART 3, TABLE 3.4** herein, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(iv) Home based business / Home Occupation shall be developed in accordance with the requirements of **PART 4** of this by-law.

(v) Bed & Breakfast establishments shall be developed in accordance with the requirements of **PART 4** of this by-law

(b) **Conditional Accessory Uses Buildings and Structures**

(i) Accessory Tent-Like Structures
In the "RR2" Zone, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be allowed a conditionally approved accessory building only when it is located on the same site as a single dwelling, modular, mobile home and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory tent-like structures between 108 SF (10 SQM) and 250 SF (23.2 SQM) shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding 250 SF (23.2 SQM) shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

(ii) Secondary Suite
Not more than one "secondary suite" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted "single-unit dwelling". Notwithstanding the siting and setback requirements for "accessory uses" as provided for in TABLE 3.4 of this PART, all secondary suites shall satisfy all of the siting and setback requirements of PART 3, TABLE 3.4 herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authority having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

(iii) Pole Type Structures / Buildings as defined in **PART 6** of this by-law may be allowed as a conditionally approved accessory structure / building only when it is located on the same site as the principal building or use of land to which it is accessory.

(iv) Accessory Portable Garage
In the "RR" Zone, an "portable garage" as defined in **PART 6** of this by-law may be allowed a conditionally approved accessory building only when it is located on the same site as a single dwelling.

(v) Accessory Shipping Containers

In the "RR" Zone, an "accessory shipping container" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory building only when it is located on the same site as a conditionally approved urban agricultural activity or Animal keeping and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).

(vi) Accessory Urban Farms

In the "RR" Zone an accessory "urban farm" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use only when it is located on the same site as a principal dwelling. Urban Farms are to be developed in accordance with the requirements of PART 4 of this by-law.

(vii) Accessory Animal Keeping

In the "RR" Zone an accessory "animal keeping" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use only when it is located on the same site as a principal dwelling. Urban Farms are to be developed in accordance with the requirements of **PART 4** of this by-law.

(viii) Accessory Apiary

In the "RR" Zone an accessory "apiary" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use only when it is located on the same site as a principal dwelling. Urban Farms are to be developed in accordance with the requirements of PART 4 of this by-law.

(ix) Home based Industry may be allowed a conditionally approved accessory use only when it is located on the same site as a principal dwelling and shall be developed in accordance with the requirements of **PART 4** of this by-law and in all cases, it shall be located to the rear of the principal dwelling on the site.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: Uses** of this by-law.

[2] Provisions of **PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of **PART 2 or PART 4** and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.4: "RR" Rural Residential Zone:

In addition to the minimum requirements for **TABLE 3.4** (above), the following requirements shall apply:

(a)

(i) The maximum allowable height for all buildings and structures shall be 30 FT, excepting personal telecommunications towers which shall be allowed as permitted accessory structures when located on single-unit dwellings, mobile or modular home sites subject to the siting and setback requirements of footnote (h) of **TABLE 3.4** herein.

(ii) Minimum dwelling unit area shall be 750 sq. ft. for a residential building, and 400 sq. ft. for an accessory residential suite within a commercial building.

(b) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(c) Wastewater Disposal Facilities

(i) Where a proposed use requires wastewater disposal facilities the site is NOT serviced by a piped municipal sewer system, a private holding tank approved by the provincial department having jurisdiction shall be installed.

(ii) Regardless of whether the site is serviced by a piped municipal sewer system or holding tank, the minimum required side yard shall be 12 FT in the case of the street side of a corner site.

(d) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(e) Where the proposed development consists of a principal building or structure less than 100 SF in floor area, a small site may be approved by Council, provided that a separation distance of 7 FT is maintained from all site lines.

(f) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(g) No accessory buildings may be in the front yard of a site, which is determined by the proposed or existing front yard of the principal building.

(h) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(i) In the case of buildings or structures which are accessory to residential uses, when located entirely to the rear of the principal building, the minimum required side yard and rear yard for accessory buildings shall be three (3) FT.

(j) When an accessory building is used for the storage of a motorized vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 FT from a public lane.

(k) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(l) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.9 "RR5" Rural Estate Residential Zoning District

The "RR5" - Rural Estate Residential Zoning District is hereby established in this by-law and provides for clusters of planned multi-lot rural estate residential development on medium sized rural acreages that are a minimum of five (5) acres in size with 300 FT of frontage. These lots will generally rely on individual onsite water and wastewater infrastructure. The keeping of a maximum of 1.33 AU of livestock per 2 acres of site area to a maximum of (3.5) animal units cumulative across species on residential parcels may be allowed as a **conditional use** in this zone.

3.9.1 "RR5" Rural Estate Residential Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.

(ii) Accessory Signs as provided for in **PART 2** of this By-law.

(iii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **TABLE 3.5 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines and railway right-of-ways a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(iv) Home based business activities shall be developed in accordance with the requirements of **PART 4** of this by-law.

(b) **Conditional Accessory Uses, Buildings and Structures**

(i) Accessory Tent-Like Structures
In the "RR5" - Rural Estate Residential Zone, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be allowed a conditionally approved accessory building only when it is located on the same site as a single dwelling, modular, mobile home and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory tent-like structures between one hundred and eight (108) SF (10 sq/m) and two hundred and fifty (250) SF (23.2sq/m) shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding two-hundred and fifty (250) SF (23.2sq/m) shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

(ii) Accessory Animal Housing Facility
Where an accessory animal housing facility is proposed on a site with a single-unit dwelling, mobile or modular home as its principal use, the animal housing facility may be allowed as a conditionally approved accessory use in the "RR5" Rural Estate Residential Zone. In such circumstances, the maximum amount of livestock which may be kept on a rural residential site shall not exceed 1.33 Animal Units (AU) per two (2) acres of site area as calculated from **TABLE 4.1 of PART 4** of this by-law, to a maximum of three and a half (3.5) Animal Units (cumulative across species) and shall be subject to the following additional requirements:

1. The animal housing facility and any manure stored onsite shall be separated a minimum distance of two hundred (200) FT (61m) away from all residences other than the owner's residence located on the same site as the animal housing facility and any manure stored onsite. In addition, any manure stored onsite shall be setback a minimum of thirty (30) FT (9.15m) from the side and rear limits of the property on which they are sited and shall also be stored to the rear of the dwelling on the site.

(c) **Prohibited Accessory Uses Buildings and Structures**

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

TABLE 3.5: USE & SITE REQUIREMENTS: "RR5" RURAL ESTATE RESIDENTIAL ZONE	MINIMUM REQUIREMENTS (a) (d) (f) (i)				
	SITE SIZE		REQUIRED YARDS

Accessory Uses, Buildings, Structures (f) (See also **PARTS 2 and 4** of this By-law for additional information).	-	-	(e)	30	30

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: Uses** of this by-law.

[1] Provisions of **PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of **PART 2 or PART 4** and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.5: "RR5" Rural Estate Residential Zone:

In addition to the minimum requirements for **TABLE 3.5** (above), the following requirements shall apply:

(a)

(i) The maximum allowable height for all buildings and structures shall be 30 FT, excepting personal telecommunications towers which shall be allowed as permitted accessory structures when located on single-unit dwellings, mobile or modular home sites subject to the siting and setback requirements of footnote (h) of TABLE 3.5 herein.

(ii) The minimum dwelling unit floor area for a single-dwelling, mobile home and modular home shall be 1,000 SF (92.9 SQM).

(b)

(iii) Where principal buildings and/or structures are adjacent to a Government Road Allowance under the jurisdiction of the municipality, the minimum front and side yard setbacks shall be one hundred and 125 FT (38.1 m).

(iv) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(c) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(d) Where a proposed development involves the construction of "water control works" or "drainage works" as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(e) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(f) Where the rear site line of a single dwelling, mobile or modular home site is along a shoreline of a lake or other water body, the minimum rear yard shall be zero (0) for accessory docks and/or boathouses only.

(g) Where an area is developed or expanded for residential purposes (i.e. single-unit dwellings, modular or mobile homes), no parcel shall be created or thereafter further re-subdivided for residential purposes unless each parcel intended for residential development conforms to the minimum site area and width requirements as set forth in **TABLE 3.5 of this PART.**

(h) Where an animal housing facility is proposed on a site with a single-unit dwelling, mobile or modular home as its principal use, the animal housing facility may be allowed as a conditionally approved accessory use in the "RR5" Rural Estate Residential Zone. In such circumstances, the maximum amount of livestock which may be kept on a rural residential site shall not exceed 1.33 Animal Units (AU) per two (2) acres of site area as calculated from **Table 6.1 of PART 6** of this by-law, to a maximum of three and a half (3.5) Animal Units (cumulative across species) and shall be subject to the following additional requirements:

  (i) The animal housing facility and any manure stored onsite shall be separated a minimum distance of 200 FT (61 M) away from all residences other than the owner's residence located on the same site as the animal housing facility and any manure stored onsite. In addition, any manure stored onsite shall be setback a minimum of thirty 30 FT (9.15 M) from the side and rear limits of the property on which they are sited and shall also stored to the rear of the dwelling on the site.

(i) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(j) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order

3.10 RS – Residential Serviced Zoning District

The "RS" Residential Serviced Zoning District is hereby established in this by-law and is intended to provide areas in urban settlement centres to accommodate fully serviced (i.e. municipal piped water and wastewater) single dwelling unit and two dwelling unit residential and related development in urban settlements the municipality. This zone provides for a variety of housing types and affordability levels to accommodate a range of income levels, the ability to age in place and serve diverse market demands.

The keeping of any livestock in the **"RS" zone** is prohibited.

3.10.1 "RS" Residential Serviced Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.

(ii) Accessory Signs as provided for in **PART 2** of this By-law.

(iii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **TABLE 3.6 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(iv) Home Based Businesses shall be developed in accordance with the requirements of **PART 4** of this by-law.

(b) **Conditional Accessory Uses, Buildings and Structures**

(i) Secondary Suite
Not more than one "secondary suite" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted "single-unit dwelling". Notwithstanding the siting and setback requirements for "accessory uses" as provided for in **Table 3.6 of this PART**, all secondary suites shall satisfy all of the siting and setback requirements of **PART 3, Table 3.6** herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authority having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

(ii) Pole type structures / buildings as defined in **PART 6** of this by-law are a Conditional Use in the "RS" – Residential Serviced Zone.

(c) **Prohibited Accessory Uses Buildings and Structures**

(i) Accessory Shipping Containers
Accessory shipping containers as defined in **PART 6** of this by-law are prohibited in the "RS" – Residential Serviced Zone.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

TABLE 3.6: USE & SITE REQUIREMENTS: "RS" RESIDENTIAL SERVICED ZONE	MINIMUM REQUIREMENTS (a) (b) (h) (l) (m)

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: Uses** of this by-law.

[2] Provisions of **PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of **PART 2 or PART 4** and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.6: "RS" Residential Serviced Zone:

In addition to the minimum requirements for **TABLE 3.6** (above), the following requirements shall apply:

(a) The maximum allowable height for all buildings and structures shall be 30 FT (two stories) except for church steeples and similar architectural components of permitted or conditionally approved public buildings and private tele-communication towers which are accessory to a residential use.

(b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:
   (i) Minimum required site area shall be two (2) acres;
   (ii) Minimum required site width shall be 200 FT;
   (iii) Minimum required side yard shall be 30 FT.

(c) In the case of a corner lot, the minimum required side yard setback shall be increased to 12 FT free of all projections other than eaves and gutters.

(d) Where an interior lot used for residential purposes is not adjacent to a lane, one of the side yards shall be a minimum of 10 FT free of all projections other than eaves and gutters in order to accommodate the required parking space or to provide for vehicular access to the rear of the site. This requirement shall not apply where a garage or carport is attached to the principal building.

(e) The minimum dwelling unit floor area for a single-unit dwelling shall be 1,000 SF (92.9 SQM) with an additional 400 SF (37.16 SQM) for the second and each additional dwelling unit therein.

(f)

(i) For the purpose of interpreting the requirements of **TABLE 3.6** herein, a semi-detached two-unit dwelling,

(ii) a row house or a multi-unit dwelling having common party walls shall be considered as being one (1) building occupying one (1) site.

(iii) Notwithstanding clause (i) of this footnote (above), in the case of semi-detached two-unit dwellings, each dwelling unit may occupy a separate site, provided each site is a minimum of 4,000 SF in area and has a minimum site width of fifty 50 FT. In such circumstances, the side yard required along the shared common party wall shall be reduced zero (0) FT and all other provisions of **TABLE 3.6 of this PART** shall also apply.

(g) The minimum site area required for multi-unit dwellings shall be 10,000 SF for the first three (3) units and shall increase by a minimum of 1,000 SF for each additional dwelling unit thereafter.

(h) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(i) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of ten (10) FT from a public lane.

(j) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(k) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(l) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(m) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(n) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.11 "RU" Residential Un-Serviced Zoning District

The "RU" - Residential Un-Serviced Zoning District is hereby established in this by-law and is intended primarily areas for single, two dwelling unit and multi dwelling unit development and complimentary uses in urban settlement centres that are not yet serviced by municipal piped water and wastewater services. The lots in this zoning district will generally rely on individual onsite water and wastewater infrastructure until such time as those parts of the urban settlement centre have in place full municipal piped water and wastewater services. The keeping of any livestock in the **"RU" zone** is prohibited.

3.11.1 "RU" Residential Un-Serviced Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Domestic Structures
Accessory structures such as but not limited to decks, patios, statuary, flagpoles, private garages, garden sheds, gazebos, swimming pools and other similar features.

(ii) Accessory Signs as provided for in **PART 2** of this By-law.

(iii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.7 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(iv) Accessory Tent-Like Structures
In the "RU" Residential Un-Serviced Zone, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as a single, two unit or multi-unit dwelling, modular, mobile home and in all cases it shall be located to the rear of the principal dwelling on the site. All accessory tent-like structures between 108 SF and 250 SF shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding 250 SF shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

(v) Home Based Business Activities shall be developed in accordance with the requirements of **PART 6** of this by-law.

(b) **Conditional Accessory Uses, Buildings and Structures**

(i) Secondary Suite
Not more than one "secondary suite" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is located within and/or forming part of either an existing or newly proposed permitted single or two-unit dwelling. Notwithstanding the siting and setback requirements for "accessory uses" as provided for in **TABLE 3.7 of this PART**, all secondary suites shall satisfy all of the siting and setback requirements of **PART 3, TABLE 3.7** herein applicable to the principal dwelling within which the secondary suite is to be developed and all secondary suites shall not exceed 49% of the total habitable floor space of the principal dwelling in which it is developed. In all cases, where a secondary suite is being proposed, the principal dwelling in which the secondary suite is being proposed shall be occupied by the owner of the property. It shall be the responsibility of the proponent to consult with the provincial authority having jurisdiction prior to construction to determine the suitability of the site for the secondary suite and determine the need for any provincial permits, approvals or licenses as may be required associated with new or expanded or modified on-site wastewater collection and drinking water systems and/or the provision of hydro services.

(ii) Pole Type Structures / Buildings as defined in **PART 6** of this by-law are a Conditional Use in the "RU" – Residential Un-Serviced Zone.

(c) **Prohibited Accessory Uses Buildings and Structures**

(i) Accessory Shipping Containers
Accessory shipping containers as defined in **PART 6** of this by-law are prohibited in the "RU" Residential Un-Serviced Zone.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: Uses** of this by-law.

[2] Provisions of **PART 2 General Rules and Regulations Applicable in All Zoning Districts and PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of **PART 2 or PART 4** and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.7 "RU" Residential Un-Serviced Zone:

In addition to the minimum requirements for **TABLE 3.7** (above), the following requirements shall apply:

(a) The maximum allowable height for all buildings and structures shall be 30 FT (two stories) except for church steeples and similar architectural components of permitted or conditionally approved public buildings and private tele-communication towers which are accessory to a residential use.

(b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a private on-site holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:
   (i) Minimum required site area shall be two (2) acres;
   (ii) Minimum required site width shall be 200 FT;
   (iii) Minimum required side yard shall be 30 FT.

(c) In the case of a corner lot, the minimum required side yard setback shall be increased to 12 FT free of all projections other than eaves and gutters.

(d) Where an interior lot used for residential purposes is not adjacent to a lane, one of the side yards shall be a minimum of 10 FT free of all projections other than eaves and gutters in order to accommodate the required parking space or to provide for vehicular access to the rear of the site. This requirement shall not apply where a garage or carport is attached to the principal building.

(e) The minimum dwelling unit floor area for a single-unit dwelling shall be 1,000 SF (92.9 SQM) with an additional 400 SF (37.16 SQM) for the second and each additional dwelling unit therein.

(f)

(i) For the purpose of interpreting the requirements of **TABLE 3.7** herein, a semi-detached two-unit dwelling, a row house or a multi-unit dwelling having common party walls shall be considered as being one (1) building occupying one (1) site.

(ii) Notwithstanding clause (i) of this footnote (above), in the case of semi-detached two-unit dwellings, each dwelling unit may occupy a separate site, provided each site is a minimum of 4,000 SF in area and has a minimum site width of 50 FT. In such circumstances, the side yard required along the shared common party wall shall be reduced zero (0) FT and all other provisions of **TABLE 3.7 of this PART** shall also apply.

(g) The minimum site area required for multi-unit dwellings shall be 15,000 SF for the first three (3) units and shall increase by a minimum of 1,000 SF. for each additional dwelling unit thereafter.

(h) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(i) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of ten (10) FT from a public lane.

(j) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(k) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(l) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(m) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(n) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.12 "CC" Commercial Central Zoning District

The "CC" – Commercial Central Zoning District is hereby established in this by-law and is intended to provide areas in urban settlement centres for street-level commercial retail and other compatible uses such as, office, personal service, dining and entertainment, large scale indoor recreation facilities in the centralized part of urban settlement centres. This zoning district also supports the rehabilitation and re-use of existing buildings, along with the preservation of heritage resources and significant structures.

The keeping of any livestock in the **"CC" zone** is prohibited.

3.12.1 "CC" Commercial Central Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Dwelling Unit
In the **"CC" Commercial Central Zoning District**, one or more accessory dwelling units developed within the principal building shall be allowed as a permitted accessory use but in all cases said accessory dwelling units must be located above or behind the principal commercial enterprise occurring in the principal building and meet all other requirements of this by-law, the Manitoba Building Code and Manitoba Fire Code (where applicable).

(ii) Accessory Signs as provided for in **PART 2** of this By-law.

(iii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **TABLE 3.8 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(iv) Home Based Business Activities shall be developed in accordance with the requirements of **PART 4** of this by-law.

(b) **Conditional Accessory Uses, Buildings and Structures**

(i) Accessory Shipping Containers
In the **"CC" Zone**, an "accessory shipping container" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory building only when it is located on the same site as the use to which it is accessory. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).

(ii) Accessory Tent-Like Structures
In the **"CC" Zone**, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory building only when it is located on the same site as the use to which it is accessory. All accessory tent-like structures between 108 SF and 250 SF shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding 250 SF shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

(c) **Prohibited Accessory Uses Buildings and Structures**

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to PART 2 of this By-law.

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: General Rules and Regulations Applicable in All Zoning Districts** of this by-law.

[2] Provisions of **PART 2: General Rules and Regulations Applicable in All Zoning Districts** and **PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.8: '"CC" Commercial Central Zone:

In addition to the minimum requirements for **TABLE 3.8** (above), the following requirements shall apply:

(a) The maximum allowable height for all buildings and structures shall be 45 FT (three stories) except for church steeples and similar architectural components of permitted or conditionally approved public buildings and accessory telecommunication towers.

(b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:

- (i) Minimum required site area shall be two (2) acres;
- (ii) Minimum required site width shall be 200 FT;
- (iii) Minimum required side yard shall be 30 FT.

(c) In the "CC" zone, more than one principal commercial building or commercial use of land or some combination thereof may be permitted on a single parcel of land. Where any building or parcel is used for more than one (1) purpose, all of the requirements of this by-law pertaining to each building or use shall be satisfied. In the event of a conflict between requirements pertaining to each use or building, the higher or more stringent requirement shall prevail and shall be satisfied.

(d) In the case of a corner lot, the minimum required side yard setback shall be increased to 12 FT free of all projections other than eaves and gutters.

(e) Where an interior lot used for residential purposes is not adjacent to a lane, one of the side yards shall be a minimum of 10 FT free of all projections other than eaves and gutters in order to accommodate the required parking space or to provide for vehicular access to the rear of the site. This requirement shall not apply where a garage or carport is attached to the principal building.

(f) The minimum dwelling unit floor area for a single-dwelling dwelling shall be 1,000 SF (92.9 SQM) with an additional 400 SF (37.16 SQM) for the second and each additional dwelling unit therein.

(g)

- (i) For the purpose of interpreting the requirements of **TABLE 3.8** herein, a semi-detached two-unit dwelling, a row house or a multi-unit dwelling having common party walls shall be considered as being one (1) building occupying one (1) site.
- (ii) Notwithstanding clause (i) of this footnote (above), in the case of semi-detached two-unit dwellings, each dwelling unit may occupy a separate site, provided each site is a minimum of 4,000 SF in area and has a minimum site width of 50

FT. In such circumstances, the side yard required along the shared party wall shall be reduced zero (0) FT and all other provisions of **TABLE 3.8 of this PART** shall also apply.

(iii) The minimum site area required for multi-unit dwellings shall be 10,000 SF. for the first three (3) units and shall increase by a minimum of 1,000 SF. for each additional dwelling unit thereafter.

(h) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(i) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 FT from a public lane.

(j) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(k) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(l) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(m) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(n) All newly siting cannabis retail establishments shall be setback a minimum of 300 FT (91.4 M) from the limits of lands zoned “I” Institutional Zone.

(o) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.13 "CH" Commercial Highway Zoning District

Is hereby established in this by-law and is intended for a range of commercial and related uses that serve the needs of the travelling public that are most appropriately located on major highways outside of the core / downtown areas of urban settlement centres and/or rural settlement centres.
The keeping of any livestock in the **"CH" zone** is prohibited.

3.13.1 "CH" Commercial Highway Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Dwelling Unit
In the **"CH" zon**e, one (1) attached or detached accessory dwelling unit and its associated accessory buildings may be developed as a permitted accessory use on the same parcel as the principal use commercial use of the property. The accessory dwelling unit must in all cases satisfy all of the siting and setback requirements applicable to the principal use of the property and meet all other requirements of this by-law, the Manitoba Building Code and Manitoba Fire Code (where applicable). The minimum dwelling unit floor area for the accessory dwelling unit shall be 1,000 SF (92.9 SQM).

(ii) Accessory Signs as provided for in **PART 2** of this By-law.

(iii) Accessory Telecommunications Towers
An accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements **of TABLE 3.9 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(iv) Home Based Business Activities shall be developed in accordance with the requirements of **PART 4** of this by-law.

(b) **Conditional Accessory Uses, Buildings and Structures**

(i) Accessory Tent-Like Structures

i. In the **"CH" Zone**, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory building only when it is located on the same site as the use to which it is accessory. All accessory tent-like structures between one hundred and eight (108) SF and two-fifty (250) SF shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding two-hundred and fifty (250) SF shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

(c) **Prohibited Accessory Uses Buildings and Structures**

(i) Accessory Shipping Containers
Accessory shipping containers as defined in **PART 6** of this by-law are prohibited in the "**CH" Commercial Highway Zone**.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

CONDITIONAL ACCESSORY USES, BUILDINGS, STRUCTURES					
Advertising Signs (with a sign surface area greater than 54 sq/ft in size)	-	-	25 (d)	15 (d)	15 (d)

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: General Rules and Regulations Applicable in All Zoning Districts** of this by-law.

[2] Provisions of **PART 2: General Rules and Regulations Applicable in All Zoning Districts** and **PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.9: "CH" Commercial Highway Zone:

In addition to the minimum requirements for **TABLE 3.9** (above), the following requirements shall apply:

(a) The maximum allowable height for all buildings and structures shall be 30 FT (two stories) except for architectural components of permitted or conditionally approved public buildings and accessory telecommunication towers.

(b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:

- (i) Minimum required site area shall be two (2) acres;
- (ii) Minimum required site width shall be 200 FT;
- (iii) Minimum required side yard shall be 30 FT.

(c) In the **"CH" zone**, more than one principal commercial building or commercial use of land or some combination thereof may be permitted on a single parcel of land. Where any building or parcel is used for more than one (1) purpose, all of the

requirements of this by-law pertaining to each building or use shall be satisfied. In the event of a conflict between requirements pertaining to each use or building, the higher or more stringent requirement shall prevail and shall be satisfied.

(d) Under authority of all applicable provincial Acts, where any structure or development are proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(e) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 FT from a public lane.

(f) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(g) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(h) Where a proposed development involves the construction of “water control works” or “drainage works” as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(i) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(j) All newly siting cannabis retail establishments shall be setback a minimum of 300 FT (91.4 M) from the limits of lands zoned “I” Institutional Zone.

(k) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.14 "MG" Industrial General Zoning District

Is hereby established in this by-law and is intended to provide areas in urban settlement centres for a variety of manufacturing, processing, storage and transportation industries.
The keeping of any livestock in the **"MG" zone** is prohibited.

3.14.1 "MG" - Industrial General Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Shipping Containers
In the **"MG" Industrial General Zone**, an "accessory shipping container" as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as the permitted or conditionally approved industrial use to which it is accessory. All accessory shipping containers as provided for herein shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law, Manitoba Building Code and Manitoba Fire Code (where applicable).

(ii) Accessory Tent-Like Structures
In the **"MG" Industrial General Zone**, an "accessory tent-like structure" as defined in **PART 6** of this by-law may be developed as a permitted accessory building only when it is located on the same site as the use to which it is accessory. All accessory tent-like structures between 108 SF and 250 SF shall be subject to the issuance of a Development Permit and must meet all other requirements of the zoning by-law. Accessory tent-like structures exceeding 250 SF shall be subject to the issuance of a Development Permit and Building Permit and must meet all other requirements of the zoning by-law.

(iii) Accessory Dwelling Unit
In the **"MG" Industrial General Zone**, one (1) attached or detached accessory dwelling unit and its associated accessory buildings may be developed as a permitted accessory use on the same parcel as the principal commercial use of the property which it serves. The accessory dwelling unit must in all cases satisfy all of the siting and setback requirements applicable to the principal use of the property and meet all other requirements of this by-law, the Manitoba Building Code and Manitoba Fire Code (where applicable). The minimum dwelling unit floor area for the accessory dwelling unit shall be 1,000 SF (92.9 SQM).

(iv) Accessory Telecommunications Towers
In the **"MG" Industrial General Zone**, an accessory telecommunication tower used to support ancillary devices such as but not limited to citizens' band radio, television or internet service which is located on the same site and in direct support of either a permitted or conditionally approved use shall be treated as a permitted accessory structure. Notwithstanding the siting and setback requirements of **Table 3.10 of this PART**, all accessory telecommunication tower structures shall be set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the ground to the uppermost point of its extension.

(v) Home Based Business Activities in the **"MG" Industrial General Zone** shall be developed in accordance with the requirements of **PART 4** of this by-law.

(b) **Conditional Accessory Uses, Buildings and Structures**

(c) **Prohibited Accessory Uses Buildings and Structures**

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: General Rules and Regulations Applicable in All Zoning Districts** of this by-law.

[2] Provisions of **PART 2: General Rules and Regulations Applicable in All Zoning Districts** and **PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.10: "MG" Industrial General Zone:

In addition to the minimum requirements for **TABLE 3.10** (above), the following requirements shall apply:

(a) The maximum allowable height for all buildings and structures shall be 30 FT (two stories) except for architectural components of permitted or conditionally approved public buildings and accessory telecommunication towers.

(b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:
   (i) Minimum required site area shall be two (2) acres;
   (ii) Minimum required site width shall be 200 FT;
   (iii) Minimum required side yard shall be 30 FT.

(c) In the **"MG" Industrial General Zone**, more than one principal commercial building or commercial use of land or some combination thereof may be permitted on a single parcel of land. Where any building or parcel is used for more than (1) purpose, all of the requirements of this by-law pertaining to each building or use shall be satisfied. In the event of a conflict between requirements pertaining to each use or building, the higher or more stringent requirement shall prevail and shall be satisfied.

(d) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(e) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(f) Where a side or rear yard of a site in the **"MG" Industrial General Zone** abuts the boundary of another zone, the yard requirements shall be increased by 50%.

(g) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(h) Where a proposed development involves the construction of "water control works" or "drainage works" as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(i) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(j) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.15 "I" Institutional Zoning District

Is hereby established in this by-law and is intended to provide areas in urban settlement centres for a variety of governmental, cultural, educational, religious, institutional and recreational uses generally on relatively large parcels of land. The keeping of any livestock in the **"I" zone** is prohibited.

3.15.1 "I" Institutional Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory Signs as provided for in **PART 2** of this By-law.
(ii) Maintenance Buildings or Structures required for the operation or maintenance of any permitted or conditionally approved institutional use in the zone;
(iii) Off-street parking areas as required and regulated in **PART 2** of this By-law;
(iv) Antennas including satellite dish antennas as regulated in **PART 2** of this By-law;
(v) Home-based businesses as regulated in **PART 4** of this By-law.

(b) **Conditional Accessory Uses, Buildings and Structures**

(c) **Prohibited Accessory Uses Buildings and Structures**

(i) Accessory Shipping Containers
Accessory shipping containers as defined in **PART 6** of this by-law are prohibited in the **"I" Institutional Zone**.

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

TABLE 3.11: USE & SITE REQUIREMENTS: "I" INSTITUTIONAL ZONE	MINIMUM REQUIREMENTS (a) (b) (e) (h) (l)

	SITE SIZE		REQUIRED YARDS		
	AREA (SF)	WIDTH (FT)	FRONT (FT)	SIDE (FT)	REAR (FT)

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: General Rules and Regulations Applicable in All Zoning Districts** of this by-law.

[2] Provisions of **PART 2: General Rules and Regulations Applicable in All Zoning Districts** and **PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.11: "I" Institutional Zone:

In addition to the minimum requirements for **TABLE 3.11** (above), the following requirements shall apply:

(a) The maximum height of all buildings and structures shall be 30 FT, with the exception of grain storage bins and features such as antennas, chimneys and church spires.

(b) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(c) 12,000 SF of site area for the first three (3) dwelling units and 1,000 additional SF of site area, for each additional dwelling unit.

(d) The maximum site area shall be 10 acres unless physical features of the site, such as natural drains, shelterbelts, etc., indicate that a slightly larger site would be appropriate

(e) The owner shall maintain the minimum site area, site width, required yards and other requirements specified herein for any use.

(f) No land shall be subdivided into sites, unless each site conforms with the bulk regulations as set forth in **TABLE 3.11** herein.

(g) No required yard shall be reduced below the minimum requirements as set forth in **TABLE 3-11** herein unless a minor variation or variation order is obtained in accordance with the provisions of *The Planning Act.*

(h) All required yards specified for any use shall be located on the same site as the use and shall be maintained as open space except as provided elsewhere in this By-law.

(i) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(j) The minimum required front yard for accessory buildings and structures shall be the same as the minimum required front yard for the principal building on the same site.

(k) Where an accessory building is used for storage of a motor vehicle, the wall which contains the vehicle access door shall be set back a minimum distance of 10 FT from a public lane.

(l) Where a proposed development involves the construction of "water control works" or "drainage works" as identified under the Water Rights Act, it shall be the responsibility of the proponent to contact the provincial authority having jurisdiction to obtain any required licenses or approvals prior to the commencement of development.

(m) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:

  (i) Minimum required site area shall be two (2) acres;

  (ii) Minimum required site width shall be 200 FT;

  (iii) Minimum required side yard shall be 30 FT.

(n) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

3.16 "OR" Open Space / Recreation Zoning District

is hereby established in this by-law and is intended to provide areas in urban settlement centres for uses such as public parks and recreational areas and facilities, natural areas for the conservation of undeveloped scenic or hazard lands, utilization of lands for buffering between potentially incompatible land uses and utility rights-of-way that have an open space character.

3.16.1 "OR" Open Space / Recreation Zoning District Accessory Uses, Buildings and Structures

(a) **Permitted Accessory Uses, Buildings and Structures**

(i) Accessory buildings or structures required for the operation or maintenance of any institutional, recreational or other use which is permitted or conditional in the zone;
(ii) Antennas, including satellite dish antennas
(iii) Walls, decks, patios, gazebos, statuary, flagpoles and similar features

(b) **Conditional Accessory Uses, Buildings and Structures**

(i) Accessory Shipping Containers
Accessory shipping containers as defined in **PART 6** of this by-law may be developed as a conditionally approved accessory use and only when it is located on the same zoning site and is not located in a required yard. Permanent placement of a shipping container will require a development permit and will be required to be in conformance with Manitoba Building Code for accessory buildings in the **"OR" - OpenSpace Recreation Zone**.

(c) **Prohibited Accessory Uses Buildings and Structures**

NOTE: For information related to projections into required yards, on-site parking and loading and fencing, refer to **PART 2** of this By-law.

Accessory uses, Buildings and Structures (See also **PARTS 2 and 4** of this By-law)	-	-	(e)	3	2

NOTES:

[1] For information concerning the treatment of lawfully established existing uses, buildings and structures in existence prior to the adoption of this by-law, please refer to **PART 2: General Rules and Regulations Applicable in All Zoning Districts** of this by-law.

[2] Provisions of **PART 2: General Rules and Regulations Applicable in All Zoning Districts** and **PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones** of this by-law shall also apply in this zone. In the event of a conflict between the provisions of PART 2 or PART 4 and the use and site requirements of this table, the highest or most restrictive requirement shall prevail and shall be satisfied.

Footnotes for Table 3.12: "OR" Open Space / Recreation Zone:

In addition to the minimum requirements for **TABLE 3.12** (above), the following requirements shall apply:

(a) The maximum allowable height for all buildings and structures shall be 30 FT (two stories) except for architectural components of permitted or conditionally approved public buildings and telecommunication towers which are accessory to public buildings.

(b) Where a proposed use requires wastewater disposal facilities and the site is **NOT** serviced by a piped municipal sewer system or a private holding tank approved by the provincial authority having jurisdiction, the minimum bulk requirements shall be adjusted as follows:
   (i) Minimum required site area shall be two (2) acres;
   (ii) Minimum required site width shall be 200 FT;
   (iii) Minimum required side yard shall be 30 FT.

(c) Bulk requirements do not apply to transmission facilities (wires or pipes) or the associated equipment such as poles, transformers and switching boxes including Manitoba Hydro Substations and similar infrastructure since all of this apparatus may require only very small parcels or none at all (easements). This does not apply, however, to offices, equipment or vehicle storage, parking or workshops, where and if these uses are permitted or approved.

(d) Under authority of applicable provincial Act, where any structure or development is proposed under, below or at ground level within the controlled areas of the provincial highway system, permits must be obtained from provincial authority having jurisdiction.

(e) For all accessory buildings or structures, the required front shall be the same as the required front yard for the principal building or structure.

(f) The owner shall maintain the minimum site area, site width, required yards and other requirements specified herein for any use. Furthermore, the minimum requirements allocated to a use as specified by this By-law shall not by virtue of change of ownership, or for any other reason, be used to satisfy the requirements for any other use.

(g) All required yards specified for any use shall be located on the same site as the use, and shall be maintained as open space except as provided elsewhere in this By-law.

(h) Minimum or Maximum site area and site width to be determined by Council based on the proposal and to be added as a condition to the Conditional Use Order.

PART 4: Additional Requirements for Specific Permitted, Conditional and Accessory Uses in Different Zones

Regardless of whether a use is allowed as a permitted use or a conditional use, and regardless of the zoning district in which the use is located, the following standards for specific uses must be met, except as otherwise provided in this by-law or by a conditional use or variance order:

4.1 Hazardous Materials Storage

No commercial chemical warehouse, inland grain terminal, bulk fuel or fertilizer storage or anhydrous ammonia storage container shall be located within:

(a) 350 FT of any public roadway
(b) 1,000 FT of a building used for human occupation excepting the operator;
(c) 2,640 FT of any of the following:
    (i) The limits of any urban settlement centre;
    (ii) Any "GD" - General Development Zone;
    (iii) Any "RR" - Rural Residential Zone;
    (iv) Any "OR" – Open Space Recreation Zone,

unless a reduced mutual separation distance is recommended by the provincial authority having jurisdiction and Council approves a variation.

4.2 Established Street Standards for Front Yards

Where a new dwelling or principal building or an addition to a dwelling or principal building is proposed within a street block or a portion of a street block where at least 60 per cent of the lots have been developed with principal structures, and the minimum front yard required by the Bulk Table is inconsistent with the majority of existing front yards for developed sites on the street block, the new structure must be developed with a front yard consistent with the average of the existing front yards within that block or portion of the block.

In the case of a corner site, either the average of the yard for the two nearest properties on the same block or for all the properties facing the same street on the same block may be used for calculating the required yard.

4.3 Standards for Two-Unit Dwellings

In those zoning districts where a two-unit dwelling may be allowed, it shall have no required interior side yard between the two dwelling units where they share a common **party wall** which is located on the boundary between each dwelling unit that is located on their own zoning site.

4.4 Standards for Multi-Unit Dwellings

In those zoning districts where a multi-unit dwelling may be allowed, it shall:

(a) only be located above the first storey of the building in the CC zones;
(b) have no required interior side yard between the dwelling units where they share a common **party wall** which is located on the boundary between each dwelling unit that is located on their own zoning site.

4.5 Standards for Bed and Breakfast Operations

A bed and breakfast shall only be allowed on a site in a zoning district where a "home-based business" may be allowed if it meets all of the following requirements:

(a) the operator must reside within the principal residence to which the bed and breakfast is an accessory use;
(b) no more than [eight] patrons shall be accommodated within one dwelling;
(c) no more than five bedrooms shall be used for the bed and breakfast operation
(d) one additional on-site parking spot shall be provided for each bedroom that is used for the bed and breakfast operation;
(e) signs shall follow the regulations for home-based businesses in the zone in which the bed and breakfast is located.

4.6 Standards for Home Based Business Activities

In the Municipality, a "home industry" and "home occupation" are two distinct types of home-based business activities which are recognized as legitimate accessory uses in certain zoning districts. Each of these two distinct types of home-based business activities shall be governed by the following rules:

(a) **Home Industry**

May be allowed as a conditionally approved accessory use in the "RS" and "RU" zones, "GD" General Development, "RR – Rural Residential, "RR5" – Rural Estate Residential and all agricultural zone(s) and shall be subject to the following additional rules:

(i) A home industry shall be principally conducted by the members of the dwelling residing in the dwelling located on the same site as the proposed home industry and any other persons employed or otherwise engaged in the home industry who do not reside in said dwelling may not exceed:

(ii) Two (2) employees in the "R" and "RU" zones, "GD" - General Development, "RR2" – Rural Residential and "RR5" – Rural Estate Residential zones.

(iii) A home industry shall be prohibited in all "OR" Open Space Recreation Zones;

(iv) A home industry shall not generate undue traffic or congestion, adversely affect the amenity and convenience of the neighbourhood, or create a nuisance.

(v) A home industry shall not unduly interfere with the general enjoyment of adjacent property.

(vi) One business sign, either freestanding or affixed to the wall of the principal or accessory building in which the home industry is carried out shall be allowed and shall have a maximum sign surface area as follows:

(vii) In all agricultural zones – 32 SF

(viii) In all other zones where home based business as allowed as permitted accessory uses – 16 SF.

(ix) Where a home industry is proposed adjacent to a provincial trunk highway and will be utilizing an existing access onto the provincial trunk highway, the proponent will be responsible for obtaining a required change in access use permit (i.e. joint use permit) from the Provincial authority having jurisdiction.

(x) It shall be the responsibility of the proponent proposing to establish or expand a home industry to investigate the need to obtain a development permit and/or building permit from the Mid West Planning District prior to the commencement of the development.

(b) **Home Occupation**

Shall be allowed as a permitted accessory use in the "R" and "RU" zones, "GD" General Development, "RR" Rural Residential, "RR5" Rural Estate Residential and all agricultural zone(s) and will be subject to the following additional rules:

(i) A home occupation shall be principally conducted by the members of the dwelling residing in the dwelling located on the same site as the proposed home occupation and any other persons employed or otherwise engaged in the home occupation who do not reside in said dwelling may not exceed:

(ii) Two (2) employees in the "R" and "RU" zones, "GD" General Development, "RR" Rural Residential, RR5" Rural Estate Residential and all agricultural zone(s);

(iii) A home occupation shall be prohibited in all "OR" Open Space Recreation Zones;

(iv) A home occupation shall not by reason of emission of odor, dust, smoke, noise, gas, fumes, cinders, light, vibration, refuse matter or water carried wastes become offensive or obnoxious or create a nuisance at or beyond any site line;

(v) There shall be no exterior display, no exterior storage of materials, and no other exterior indication of the home occupation or variation of the residential character of the principal or accessory building except as otherwise provided for herein;

(vi) A home occupation shall not cause the generation of undue traffic and congestion in the neighborhood;

(vii) A home occupation shall be carried on entirely within the dwelling unit or within an accessory building located on the same site as the principal building to which it is accessory;

(viii) Not more than 600 SF of floor area shall be devoted to a home occupation in any dwelling unit or its accessory buildings located on the same site as the principal building thereto, or 30% of the total floor area of the dwelling, whichever is the lesser;

(ix) Notwithstanding the maximum floor area limitations outlined in clause (vii) above, in the case of a home occupation involving the establishment or expansion of a bed and breakfast or boarding or lodging use or building, a maximum of four (4) suites per site shall be allowed;

(x) One business sign, either freestanding or affixed to the wall of the principal or accessory building in which the home occupation is carried out shall be allowed and shall have a maximum sign surface area as follows:

(xi) In all agricultural zones – 32 SF

(xii) In all other zones where home-based business as allowed as permitted accessory uses – 16 SF.

(xiii) Where a home occupation is proposed adjacent to a provincial trunk highway and will be utilizing an existing access onto the provincial trunk highway, the proponent will be responsible for obtaining a required change in access use permit (i.e. joint use permit) from the Provincial authority having jurisdiction.

(xiv) It shall be the responsibility of the proponent proposing to establish or expand a home occupation to investigate the need to obtain a Development Permit and/or Building Permit from the Mid West Planning District prior to the commencement of the development.

4.7 Standards for Keeping Small Amounts of Livestock for Personal Use (Excluding Livestock Operations)

Where small amounts of livestock for personal use and enjoyment are kept, sheltered, bred, raised or sold on small farm and non-farm residential parcels, all of the following requirements must be met in all cases. The maximum amount of non-commercial livestock kept for personal use and enjoyment on a farm or non-farm residential parcel **shall not exceed 9 animal units (AU)**, cumulative across species or as may be further restricted in selected zoning districts in this By-law; and

(a) a maximum of one animal unit (cumulative across species) may be allowed for every 8,094 SQM (two acres) of site area;
(b) the keeping of livestock must adhere to all other local, provincial and federal health and agriculture regulations in addition to the standards in this by-law;
(c) any ground-level structure intended for the keeping of animals must maintain a minimum setback of 4.5 M (15 FT) from any site line;
(d) animal feed must be properly stored in enclosed vessels, and areas or enclosures intended for the keeping of animals must be properly cleaned and maintained to prevent odours from spreading onto abutting properties.
(e) All manure storage facilities on the site shall not be located in the front yard and shall be setback a minimum of 50 FT from all other property lines of the parcel on which it is located

4.8 Standards for Campgrounds and RV Parks

In those zoning districts where a campground or recreational vehicle (RV) park may be developed, it must meet the following standards:

(a) more than one camping space or recreational vehicle (RV) space shall be allowed on a zoning site in a campground RV park;
(b) a campground or RV park must provide an all-weather roadway that serves all sites with a driving surface a minimum of six (6) M (20 FT) wide;

(c) a campground or RV park must provide storage of refuse in a sanitary manner at locations not more than 150 M (500 FT) from all camping spaces and recreation vehicle (RV) spaces in the campground and/or RV park.;
(d) a campground or RV park must provide clear numbered identification of each camping/RV space;
(e) a campground or RV park must provide a centrally located recreation area equivalent to a minimum area of 20 SQM (215 SF) per camping/RV space.

4.9 Standards for Livestock Operations – General Provisions

The provisions of this section of **PART 4** of this By-law shall apply to the establishment or expansion of livestock operations throughout all agricultural zones in the Municipality.

4.9.1. All newly siting or expanding livestock operations being proposed in Prairie View Municipality, which are 300 animal units (AU) or larger in size (cumulative across species) shall, regardless of their location, be subject to the conditional use approval process as detailed in the *Planning Act.*

4.9.2. All existing lawfully established livestock operations which have a capacity of 300 or more animal units (cumulative across species), are deemed to be a legal conditionally approved use, and may be replaced if they are removed or destroyed, subject to the issuance of a development permit. Where such existing operations are proposed to be enlarged or expanded, the enlargement or expansion shall be subject to the conditional use process as specified elsewhere in this By-law. If a conditional use permit and any required variations are approved by Council, the proponent will be required to obtain a development permit from the Mid West Planning District prior to the commencement of construction.

4.9.3. A conditional use order or variation of a requirement for siting and development of a livestock operation or for a farm or non-farm site or a designated area, approved under any previous zoning by-law will continue to be in full force and effect.

4.9.4. All existing livestock operations (including feedlots, animal housing and/or manure storage facilities), single residences (not associated with a livestock operation) and designated areas that do not meet the 1) **TABLE 4.2: MINIMUM SETBACK DISTANCES FROM PROPERTY LINES** requirements and/or 2**) TABLE 4.3: MINIMUM**

SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS as set forth in **PART 4** of this By-law, shall be deemed to possess a variation order for their current setback and separation distances as they existed on the date of adoption of this By-law.

4.9.5. Requirements for measuring the minimum separation distances for siting livestock operations as provided for in **TABLE 4.3 of PART 4** of this By-law, shall be measured from the closest point of the feedlot, animal housing or manure storage facility (whichever is closer) to the adjacent single residence and/or designated area, as circumstances so require.

4.9.6. All newly siting or expanding livestock operations shall have access to (either by direct ownership or lease) and use of sufficient lands to accept the application of all of the livestock manure generated by the operation in a sustainable manner on an annual basis in accordance with the provisions of **the Livestock, Manure & Mortalities Management Regulation 42/98**, as amended and the **Nutrient Management Regulation 62/2008**, as amended.

4.9.7. All newly siting or expanding livestock operations that are 300 animal units or greater in size (not cumulative across species) are required to file an annual manure management plan with the provincial authority having jurisdiction and may be required to provide a copy of the plan to the Municipality at the request of Council.

4.9.8. All newly siting or expanding livestock operations (including a feedlot, animal housing and/or manure storage facilities) should not be located in a natural hazard area subject to flooding, inadequate drainage, erosion or a recurring high water table as determined by the provincial authority having jurisdiction and all such facilities must be designed in accordance with the requirements of the **Livestock Manure & Mortalities Management Regulation 42/98**, as amended.

4.9.9. All newly siting or expanding livestock operations should not be located on soils determined by detailed soil survey acceptable to the Province, with a scale of 1:50,000 or better, to have an agricultural capability of Class 6 or 7, or unimproved organic soils as described under the Canada Land Inventory. If detailed soil survey information is not available for the area where a newly siting or expanding livestock operation is being proposed, the applicant may be required to provide a detailed soils survey for the site at a scale of 1:50,000 or better. Where a proponent is required to provide this detained soils information, it may be possible to demonstrate that the soils are not Class 6, 7 or unimproved organic soils and may be able to support a livestock operation.

4.9.10. All newly siting or expanding livestock operations that are 300 animal units or greater in size (cumulative across species will be subject to a provincial technical review report which will be completed and provided to Council in accordance with the requirements of the *Planning Act*, as may be amended from time to time.

4.9.11. For the purposes of determining the size of a given livestock operation, the system of "animal units" as adopted by regulation by the Province of Manitoba shall be used. The conversion factors for animal units (AUs) are provided for general reference in **TABLE 4.1: ANIMAL UNIT CONVERSION FACTORS of this PART** (below) and may be altered from time to time by provincial authority having jurisdiction, without requiring an amendment to this By-law.

4.10 Standards for Livestock Operation Development in the "AG" Agriculture General Zone

In addition to satisfying the requirements of **PART 4, SECTION 4.9** of this by-law which identifies general requirements applicable to newly siting or expanding livestock operations in all agricultural zones in Prairie View Municipality, the following additional requirements shall apply to newly siting or expanding livestock operations located in areas which are zoned "AG" Agricultural General Zone as identified on **MAP 1 of SCHEDULE "A"** of this By-law.

4.10.1. Any proposal to establish or expand a livestock operation or part thereof including a feedlot, animal housing facility or manure storage facility with a capacity between **10 to 299 Animal Units** (cumulative across species) shall be allowed as a **permitted use** providing it is developed in conformance with the requirements of the *Planning Act* and all of the other provisions of this By-law.

4.10.2. Any proposal to establish or expand a livestock operation or part thereof (including a feedlot, animal housing facility or manure storage facility) with a capacity **300 Animal Units or more** (cumulative across species) **shall be deemed to be a conditional use** and shall be developed in accordance with requirements of *The Planning Act* and all other provisions of this by-law including the provisions of **PART 5** of this By-law which in part deals with applications for development permits, conditional uses and variances.

4.10.3. No newly siting or expanding livestock operation or part thereof (including a feedlot, animal housing or manure storage facility) shall be established or expanded within a distance of 100 meters (328) FT of the ordinary high-water mark of any surface watercourse, sinkhole, spring or well.

4.10.4. The minimum setback distances identified in **TABLE 4.2 of this PART** shall apply to the establishment or expansion of any livestock operation or part thereof (including a feedlot, animal housing or manure storage facility) in relation to the property lines of a given livestock operation.

4.10.5. The requirements of **TABLE 4.3: MINIMUM SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS of this PART** have been developed in accordance with and are generally consistent with the policies of the Mid West Planning District Development Plan but may be varied by Council on a case by case basis.

(i) The requirements of **TABLE 4.3: MINIMUM SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS of this PART** shall apply to the establishment or expansion of any livestock operation or part thereof in the "AG" – Agriculture General Zone and shall **mutually** apply to the establishment or expansion of a designated "General Development Area", "Rural Residential Area" or "Seasonal Recreation Area" and to any newly siting farm or non-farm residence in the "AG" - Agriculture-General Zone in the municipality, excluding residence(s) located on the same site and associated with a given livestock operation.

TABLE 4.1: ANIMAL UNIT (AU) CONVERSION FACTORS

Animal	Type	AU Produced by One Livestock	Livestock Producing One AU
Dairy	Milking Cows, including associated livestock	2.000	0.5
Beef	Beef Cows, including associated livestock	1.250	0.8
	Backgrounder	0.500	2
	Summer pasture/replacement heifers	0.625	1.6
	Feeder cattle	0.769	1.3
Hogs	Sows, farrow to finish	1.250	0.8
	Sows, farrow to weanling	0.250	4.0
	Sows, farrow to nursery	0.313	3.2
	Weanlings	0.033	30
	Growers/finishers	0.143	7
	Boars (artificial insemination operations)	0.200	5
Chickens	Broilers	0.0050	200
	Roasters	0.0100	100
	Layers	0.0083	120
	Pullets	0.0033	300
	Broiler Breeder Pullets	0.0033	300
	Broiler Breeder Hens	0.0100	100
Turkeys	Broilers	0.010	100
	Heavy Toms	0.020	50
	Heavy Hens	0.010	100
Horses	Mares, including associated livestock	1.333	0.75
	Horses – large	1	1
	Horses - small to medium	0.667	1.5
	Horses - miniature	0.222	4.5
Sheep	Ewes, including associated livestock	0.200	5
	Feeder Lambs	0.063	16
Accessory Livestock*	Alpacas, llamas	0.17	6
	Bison – cows and associated livestock	1.25	0.8
	Ducks - growing for meat	0.017	58
	Ducks - mature	0.024	42
	Emu	0.06	16
	Geese - growing for meat	0.024	42
	Geese - mature	0.045	22
	Goats – miniature	0.22	4.5
	Goats – mature	0.14	7
	Goats – plus associated livestock	0.20	5
	Mink	0.005	219
	Ostrich	0.14	7
	Ponies - all	0.4	2.5
	Rabbits – does (includes associated bucks and litters)	0.1	10
	Yak male	0.7	1.429

TABLE 4.1: ANIMAL UNIT (AU) CONVERSION FACTORS

Animal	Type	AU Produced by One Livestock	Livestock Producing One AU
	Yak calf	3.5	0.286
	Yak cow and associated	1	1
*Source: Manitoba Agriculture; November 2024			
The calculation of animal units for a species of livestock not mentioned in this Table is to be determined by officials at Manitoba Agriculture.			
Note: To calculate the number of animal units (AU) of a particular species, multiply the AU produced by one livestock by the number of animals. For example, for 200 animal beef cows including associated livestock equals 1.25 x 200 = 250 AUs.			

TABLE 4.2: MINIMUM SETBACK DISTANCES FROM PROPERTY LINES

Type of Livestock Facility	Minimum Setback Distance from any Property Boundary in M (FT)
Manure Storage Facilities	100 (328)
Animal Confinement Facilities	50 (164)
NOTE: Where a parcel of land containing a livestock operation is being subdivided, all newly created parcels shall be of such a size and configuration so as to maintain a minimum 100 M (328 FT) separation between any existing or proposed livestock confinement areas and manure storage facilities and all newly created property lines.	

TABLE 4.3: MINIMUM SEPARATION DISTANCES FOR SITING LIVESTOCK OPERATIONS

Size of Livestock Operation in Animal Units (AU)	Separation Distance in M (FT) From a "Single Residence" (*)				Separation Distance in M (FT) From a "Designated Area" (**)			
	To a Feedlot and/or an Earthen Manure Storage Facility		To an Animal Confinement Facility and/or Non-Earthen Manure Storage Facility		To a Feedlot and/or an Earthen Manure Storage Facility		To an Animal Confinement Facility and/or Non-Earthen Manure Storage Facility	
10-100	200	(656)	100	(328)	800	(2,625)	530	(1,739)
101-200	300	(984)	150	(492)	1200	(3,937)	800	(2,625)
201-300	400	(1,312)	200	(656)	1600	(5,249)	1070	(3,511)
301-400	450	(1,476)	225	(738)	1800	(5,906)	1200	(3,937)
401-800	500	(1,640)	250	(820)	2000	(6,561)	1330	(4,364)
801-1,600	600	(1,968)	300	(984)	2400	(7,874)	1600	(5,249)
1,601-3,200	700	(2,297)	350	(1,148)	2800	(9,186)	1870	(6,135)
3,201-6,400	800	(2,625)	400	(1,312)	3200	(10,499)	2130	(6,988)
6,401-12,800	900	(2,953)	450	(1,476)	3600	(11,811)	2400	(7,874)
>12,800	1000	(3,281)	500	(1,640)	4000	(13,123)	2670	(8,760)

NOTES:

(*) A "Single Residence" does not include the residence of the owner and/or operator when the dwelling(s) are located on the same parcel as the livestock operation.

(**) A "Designated Area" means the following:

i) Any area in the Municipality designated as an "Urban Settlement Centre" or "Rural Settlement Centre" in the Mid West Planning District Development Plan, and

ii) Any area in the Municipality designated as a "Rural Residential Area" in the Mid West Planning District Development Plan.

4.11 Standards for Portable Garages and Tent-Like Structures used for Garage

The installation of a portable garage shall be allowed as an accessory use subject to the following rules:

(a) A portable garage is not allowed within the required front yard of a site
(b) A portable garage must meet the requirements for accessory building side and rear yard requirements
(c) A portable garage must not exceed the height restrictions for accessory buildings in the zone in which it is located
(d) A portable garage must be placed on a driveway or parking space
(e) A portable garage must be kept in good condition, any rip in the fabric must be repaired
(f) A maximum of one portable garage is allowed on a site

4.12 Standards for Shipping Containers

In those zoning districts where a shipping container may be developed, it must adhere to the following standards:

(a) A shipping container used for storage must meet the requirements for accessory buildings in the zone in which it is located. Shipping containers, when stacked, must not exceed the maximum height for accessory buildings for the zone. The shipping container must meet the Manitoba Building Code standards for an accessory building.
(b) A shipping container used as a dwelling must meet the requirements for dwelling units in the zone in which it is located (as well as the requirements necessary to receive a building permit).
(c) A shipping container may be used for temporary storage or emergency purposes, provided it meets the requirements for temporary buildings and structures in this by-law.

4.13 Standards for Swimming Pools and Hot Tubs

Private Pools are allowed as a permitted accessory use to a Single-Family Dwelling, Non-Farm Dwelling and Farm Dwelling use provided that:

(a) They meet the sitting requirements of accessory structures for the zone in which they are located
(b) A development permit is issued under this by-law.
(c) Pool wastewater shall be disposed of into a sanitary sewer system, directly into a storm sewer or be contained within the confines of the owner's property.
(d) The owner maintains in good repair a sturdy, non-climbable enclosure around the entire Pool area having:
    (i) a minimum vertical height of 1.22 M (4 FT) above the effective grade level where the Pool Enclosure Barrier includes Fence or Wall sections to prevent unauthorized entry;
    (ii) except in the case of a building Wall, no opening greater than 100 mm wide at its least dimension and no opening greater than 50 mm between the bottom of the enclosure Barrier and the effective grade at the base of the Barrier;
    (iii) except in the case of a building Wall, no access through the Barrier except by way of one or more Self-closing, Self-latching gates and the latch and lock located on the swimming Pool side of the gate at a height of not less than 1.0 m above the effective grade level at the base of the gate.
    (iv) Private Pool Enclosure Barriers may not consist of hedges, shrubs, bushes, trees and other plants.
    (v) A building wall used as part of the Pool Enclosure Barrier shall only have access to the pool area if the only access to the building is located within the Pool area or unless the other access points to the building outside of the pool area are lockable and are locked at all times except when the pool is in use and being supervised by a responsible adult person.
    (vi) The fence and gate must be constructed so as to prevent a child from crawling underneath.
    (vii) Fencing is not required for a Hot Tub which is:
        1. fitted with a lockable lid or cover that complies with the American Society of Testing Materials (ASTM) Standard F1346-91 (2010) as amended and such cover is kept locked at all times except when the Pool is in use and being supervised by a responsible adult Person.
(e) Nothing in this subsection shall relieve any such structure from complying with the requirements under any other Prairie View Municipality By-Law or applicable provincial regulations including The Buildings Act and The Public Health Act.

4.14 Standards for Solar Collectors

A commercial Solar Collector must meet the following standards:

(a) Any solar collector not connected to a building shall adhere to the same setbacks and height restrictions for secondary/accessory buildings in the zone in which the installation is situated
(b) A roof or wall-mounted solar collector shall not exceed, in size, the total square footage of the principal structure
(c) A solar collector that is mounted on a roof may project a maximum of 1.5 M (6.5 FT) from the surface of the roof and must not extend beyond the outermost edge of the roof

(d) A solar collector that is mounted on a wall may project a maximum of 0.6 M (2 FT) from the surface of that wall and must be located a minimum of 2.4 M (8 FT) above grade

4.15 Standards for Wind Energy Generating system (on-site / Rooftop)

An on-site Wind Energy Generating System must meet all the following standards:

(a) No portion of the system including its blade assembly shall extend beyond the limits of the site on which it is located unless the affected property owner has provided written authorization to the applicant and the Development Officer.
(b) It is set back from all property lines of the site on which it is located a minimum distance equal to its total height, measured from the base on the ground or attached to another structure to the uppermost point of extension of its rotor blades.
(c) It is limited to a total turbine height of no more than 4.5 M (15 FT) above the rooftop but cannot disrupt any public utility transmissions.
(d) It is safely and securely attached to the rooftop in compliance with the National and Provincial Building Codes

4.16 Standards for Apiaries

All beekeeping must be consistent with the requirements in The Bee Act, including the requirement that a person in possession of bees must be registered as a beekeeper [The Bee Act, 2(1)].

An apiary must meet all the following standards:

(a) In the RR zone, no hives shall be located within 7.5 M (25 FT) of a site line unless located in compliance with the following:
    (i) the hive's base is set at a minimum height of 2.5 meters (8 ft) above grade; or
    (ii) it is located behind a solid fence or hedge 2 M(6 FT) in height located parallel to an adjacent property line and extending a minimum of 6 M (20 FT) horizontally behind the hive in either direction
(b) Every landowner who allows the keeping of bees on their property has the duty to ensure the maintenance of the beehives. The bees must be requeened if they swarm or show signs of aggressive behaviour

4.17 Standards for Community Gardens

Community gardens must meet all the following standards:

(a) Community gardens shall not be larger than 2320 SQM (25,000 SF)
(b) Accessory buildings for community gardens must meet the accessory building bulk requirements for the zone in which they are located
(c) Compost must be maintained in a way that limits nuisance odors to adjacent properties. Compost piles or structures must be located a minimum of one meter (three FT) away from any site line
(d) On-site sales are limited to sales of plants or produce generated on site

4.18 Standards for Urban Farms

An urban farm must meet all the following standards:

(a) A development permit application for an urban farm that involves any of the following activities must be accompanied with a plan that addresses how the activities will be managed to mitigate impacts on surrounding land uses and natural systems:
    (i) the processing of food produced on site
    (ii) the use of heavy equipment such as tractors
(b) Greenhouses, compost structures, hoop houses, and similar structures are permitted as accessory structures, provided they conform to the applicable bulk requirements for accessory buildings and structures for the relevant zone
(c) Compost must be maintained in a way that limits nuisance odors to adjacent properties
(d) On-site sales are limited to sales of plants or produce generated on site

PART 5: Administration and Enforcement

This by-law shall be administered in accordance with the provisions of *The Planning Act* and this **PART**.

5.1 Administration and Enforcement

In the administration and enforcement of this by-law, staff from the Municipality and the Mid-West Planning District shall have all of the powers of inspection, remedy and enforcement provided under **PART 12** of *The Planning Act*.

5.2 The Development Officer / Building Official Position and Authority

The position of the Development Officer / Building Official is hereby established. The person(s) appointed as Development Officer / Building Official by the Board of the Mid-West Planning District shall be a designated officer for the administration and enforcement of this by-law as provided for under *The Planning Act*.

5.3 Role and Responsibilities of the Development Officer / Building Official

The Development Officer / Building Official shall have the authority to:

(a) issue Development Permits and Building Permits (where required) and exercise the powers of administration, inspection, remedy and enforcement as provided for under authority of *The Planning Act*.

(b) refuse to issue a Development Permit and where required, a Building Permit where:
   (i) the required Permit application(s), or any information accompanying said Permit application(s), is incorrect or incomplete;
   (ii) the proposed building, structure or use does not, to the development officer's knowledge, comply with this zoning bylaw, the municipality's building by-law or with any other applicable federal and/or provincial law and/or regulation;

(c) revoke a Development Permit and/or Building Permit where the Permit(s) were issued in error.

(d) make a minor variance order, without the need for a public hearing, for any proposed change that varies:
   (i) any height, distance, area, size or intensity of use requirement in the zoning by-law by no more than 15 per cent;
   (ii) the number of parking spaces required by the zoning bylaw by no more than 10 per cent.

5.4 When Development Permits Are Required

(a) In the case of proposed development that involves the construction or expansion of a **public or semi-public water supply** system, the proponent shall be required to contact the Office of Drinking Water for information concerning licensing and approvals that must be obtained prior to the commencement of construction.

(b) Before developing a **self-supplied water source (e.g. a well)**, the proponent shall be required to contact Manitoba Conservation and Water Stewardship's Water Use Licensing Section for information concerning licensing, permits or approvals that may be necessary prior to the commencement of construction.

(c) Subject to **Section 5.5 of this PART** (below), the repair, rehabilitation, renovation, construction, erection, removal or relocation, enlargement, addition, extension, conversion, improvement or structural alteration or placing of a building or structure or any part thereof (including mechanical systems) and/or replacement of building components and underpinnings or excavation of land for the purpose of erecting a building or structure requires **a Development Permit** and **Building Permit** (where required) including those activities set out below, except as otherwise provided for in this by-law:
   (i) the erection, construction, enlargement, structural alteration or placing of a building or structure, either permanent or temporary;
   (ii) the establishment of a use of land or a building or structure;
   (iii) the change of a use of land or a building or structure from the existing use to a use which is not a permitted use;
   (iv) the alteration or enlargement of an approved conditional use except where specifically exempt elsewhere in this by-law.

5.5 When Development Permits Are Not Required

(a) A Development Permit is not required for the following, but a building or plumbing permit may be required under the building by-law:
   (i) agricultural cropping of land;

(ii) agricultural projects classified under provincial water licensing for either drainage or water rights;
(iii) alterations or repairs to an existing building **EXCEPT FOR**:
1. alterations that change the footprint of the building,
2. alterations that add height to a building resulting in a finished height that is over the maximum height requirements of this by-law, or
3. alterations or repairs that are part of a Change in Use of the building.
(iv) open patios less than 8 inches above finished grade;
(v) a detached accessory building/structure not exceeding one hundred and eight (108) SF in floor area;
(vi) the installation of the following landscaping structures:
1. commercial or residential fences,
2. sidewalks and other at grade paths, and driveways,
3. exterior steps that do not project beyond the roof line,
4. trees, hedges, shrubs, planters, and gardens,
5. fountains containing less than 24" in water depth,
6. flag poles, mounted weather monitoring devices, private communications aerials and antennas,
7. clothes drying lines, composters and rain barrels,
8. trellises and outdoor furniture,
9. lighting, and
10. similar landscaping features that are developed in accordance with the provisions of this by-law;
(vii) private sewage disposal systems; and
(viii) the erection of certain accessory signs as listed in **PART 2** of this by-law.

(b) Despite not requiring a **Development Permit**, all items in this section shall be subject to all other requirements of this by-law and all other application by-laws of the Municipality and/or Provincial or Federal Acts and Regulations.

5.6 Other Required Permits

The issuance of a Development Permit in respect of the development of building, structure or use does not affect the obligation of the development proponent to obtain a Building Permit (where required) or any other permit or approval where required under the municipal building by-law or other municipal by-law, applicable federal and provincial law(s) and/or regulations, for such a building, structure or use.

5.7 Applications for a Development Permit

An application for a Development Permit shall:
(a) be made by the owner or owners of the parcel in question, or by a person authorized in writing by them;
(b) be accompanied by plans drawn to scale showing the following:
(i) the shape and dimensions of the parcel to be used or built on;
(ii) the location (relative to property lines) and dimensions of existing buildings and structures;
(iii) the location (relative to property lines) and dimensions of any proposed building, structure, enlargement or alteration;
(iv) the number of existing and proposed dwelling units being proposed (where applicable);
(v) the use or uses of each existing and proposed building and structure, user of the land, and the area to be occupied by each use;
(vi) location of existing and/or proposed vehicular access, utility connections, parking areas, loading areas, and signage (where applicable);
(vii) the type and location of all existing and/or proposed water supply systems and wastewater management systems and their distances from property lines and existing and proposed habitable buildings.
(viii) any other information as may be required by the Development Officer/Building Official to determine compliance with, and to provide for enforcement of, this by-law including but not limited to Certificate(s) of Title and instruments registered thereon including easement agreements and caveats, a surveyor's Certificate and/or Building Location Certificate prepared by a Manitoba Land Surveyor;
(ix) an application for approval of a development permit and/or a conditional use or variation (where required) for a newly siting or expanding livestock operation (including a feedlot, animal housing or manure storage facility) shall be accompanied by a site plan showing the following information:
1. the size and location of all existing and proposed feedlots animal housing and manure storage facilities (including information regarding the maximum number of animals of each species forming part of the existing and/or newly siting or expanding livestock operation); and
2. distances to property boundaries from those facilities identified in i) (above); and

3. existing and proposed drainage features in the vicinity of these facilities including any manure runoff collection basins; and
4. the proposed water supply system for the operation, and the location of any nearby drinking water sources or infrastructure, such as wells, reservoirs and rural pipelines; and
5. written information describing the type(s) and number of livestock of each species to be confined and estimated distances to the nearest two (2) dwellings not associated with the livestock operation; and
6. written information concerning any proposed fencing, landscaping, shelterbelts, measures to reduce odours and off-site use and maintenance of roads (haul routes).

(c) Be accompanied by the fee(s) prescribed by the Municipality and/or the Mid-West Planning District.

(d) No person shall use or occupy any land, building or structure, or erect, construct, enlarge, alter or place any building or structure, except in accordance with an approved Development Permit and Building Permit (where required), and with this by-law.

5.8 Applications for a Building Permit

(a) Shall be made by the owner(s) of the parcel in question, or by a person authorized in writing by them

(b) Shall be accompanied by plans and specifications as prescribed in the member municipality's building by-law and as prescribed in the Manitoba Building Code.

(c) Any other information as required by the Building Official having jurisdiction.

5.9 Entry for Inspection and Other Purposes

(a) The Development Officer / Building Official may, after giving reasonable notice to the owner or occupier of land or a building or other structure to be entered, and displaying or producing on request identification showing his or her official capacity:
   (i) enter the land, building or structure at any reasonable time for the purpose of inspection, enforcement and or action authorized by this by-law;
   (ii) request that anything be produced to assist in inspection, remedy, enforcement or authorized action; and
   (iii) make copies of anything related to the inspection, remedy, enforcement or authorized action.

(b) In an emergency or in extraordinary circumstances, the Development Officer / Building Official need not give reasonable notice or enter at a reasonable time and may do the things referred to herein without the consent of the owner or occupant.

5.10 Order to Remedy Contravention

(a) If the Development Officer / Building Official finds that a person is contravening this by-law or *The Planning Act*, the development officer may by written order require the person responsible for the contravention to remedy it if, in the opinion of the development officer, the circumstances so require.

(b) The order may:
   (i) direct a person to stop, or alter activities as applicable;
   (ii) direct a person to take any action necessary to remedy the contravention, including the removal or demolition of a building or structure that has been constructed, erected or placed in contravention, and if necessary, take appropriate steps to prevent a recurrence of the contravention;
   (iii) state a time within which the person must comply with the directions; and
   (iv) state that if the person does not comply with the stated directions, the municipality will take the action or measure at the expense of the person.

5.11 Review by the Board (Appeal of Board Orders)

(a) A person who receives an order under **section 5.10 of this PART** may request the Board of the Mid-West Planning District to review the order, by written notice given within 14 days after the date the order is received.

(b) After giving the person a reasonable opportunity to be heard, the Board of the Mid-West Planning District may confirm, vary, substitute or cancel the order or decision.

5.12 Application for Zoning By-law Amendments, Variances and Conditional Uses

An application for a variance, or conditional use, or an amendment to this by-law must be made in writing to the Development Officer / Building Official by the owner or owners of the land in question, or by a person authorized in writing by them in the proper form and must be accompanied by the fee prescribed by Council or the Mid-West Planning District Board. The application must also be accompanied by:

(a) plans drawn to scale showing the shape and dimensions of the affected property;

(b) plans drawn to scale showing the location (relative to property lines) and dimensions of existing buildings and structures;
(c) plans drawn to scale showing the location (relative to property lines) and dimensions of the proposed building, structure, enlargement or alteration;
(d) a description of the use or uses of each existing and proposed building or structure, or of the land and the area to be occupied by each use;
(e) a description of the reason why the variance, conditional use, or amendment to this by-law is being requested;
(f) any other information required by the Development Officer / Building Official to determine compliance with, and to provide for enforcement of, this by-law.

5.13 Development Agreements

(a) In accordance with **Section 150 of *The Planning Act***, where an application is made for a variance order, conditional use or an amendment of this zoning by-law, Council may require the owner or the person entitled to be registered as owner of the land, building, or structure to which the amendment will apply, as a condition of its enactment, to enter into a development agreement with the Municipality in respect of that land as well as contiguous land owned or leased by the applicant.
(b) Where an application is made for the subdivision of land, Council may require the owner or the person entitled to be registered as owner of the land to enter into a development agreement with Prairie View Municipality, in accordance with **Section 135 of *The Planning Act***.
(c) A Development Agreement may contain provisions with respect to the responsibilities for the provision of various services and other improvements, such as water and sewer piping, lot grading and drainage, street construction, and other matters as provided for in ***The Planning Act***.

PART 6: Definitions

6.1 Abbreviations

Where the following abbreviations appear in this by-law, they have the meaning as set out below:

AC means acres

AU or A.U. means animal unit

FT means feet

M means metres

SF means square feet

SQM means square metres

6.2 Definitions in *The Planning Act*

Terms not defined in this bylaw which are defined in *The Planning Act* have the meaning provided in that Act as follows:

Building includes a well, pipeline, conduit, cut, excavation, fill, transmission line and any structure or erection, and any part of any of those things, and also includes an addition to or extension of any building or any of those things and a chattel that is attached to, or installed in or on, any building or any of those things.

Conditional Use means a use of land or a building that may be permitted under a zoning by-law.

Construction includes
(a) excavating, removing, filling and backfilling for the purpose of preparing or maintaining a site in respect of a building or a proposed building;
(b) erecting, extending, enlarging, placing, removing, locating and demolishing a building;
(c) altering, renovating and reconstructing a building;
(d) moving a building from one site to another; and
(e) underpinning the foundation of a building.

Development means
(a) the construction of a building on, over or under land;
(b) a change in the use or intensity of use of a building or land;
(c) the removal of soil or vegetation from land; and
(d) the deposit or stockpiling of soil or material on land and the excavation of land.

Livestock Operation means a permanent or semi-permanent facility or non-grazing area where at least 10 animal units of livestock are kept or raised either indoors or outdoors, and includes all associated manure collection facilities, but does not include an auction mart.

Owner, in relation to property, means a person who is the owner of a freehold estate in the property,
and includes
(a) a person who is an owner with another person as joint tenant or tenant in common of a freehold estate;
(b) a person who is the registered owner of a unit under *The Condominium Act*; and
(c) a real owner, as defined in subsection 1(1) of *The Municipal Assessment Act*.

Parcel of Land means the aggregate of all land described in any manner in a certificate of title.

Property means land and improvements on land, and includes

(a) an interest in land or an improvement on land; and
(b) air, surface and subsurface rights and interests in respect of land.

Sensitive Land" includes
(a) land that is susceptible to flooding, permafrost, erosion or that has unstable slopes or poor drainage;
(b) areas of special significance for animal, bird or plant life, including wetlands, forests and nesting areas; and
(c) land on which any development is likely to harm ecological diversity.

Subdivision means the division of land by an instrument, including
(a) a plan of subdivision, conveyance, deed, mortgage or grant; or
(b) an agreement granting or extending a use of or right in land, directly or indirectly or by an entitlement to renewal, for a period of 21 years or more; but not including a lease respecting only floor space in a building.

6.3 Definitions in this By-law

Where the following terms appear in this bylaw, they have the meaning provided as follows:

Accessory means a use, building or structure that is naturally and normally incidental, subordinate in purpose or area, or both, and exclusively devoted to the principal use, building or structure to which it is accessory, but a use shown as a conditional use in the Use and Siting Tables cannot be accessory to a use shown as a permitted use for the same zoning designation.

Accessory Shipping Container means a pre-fabricated structure which is designed for the shipping of goods via land, sea, rail or road and may include trailer bodies or other similar structures (including motor vehicle bodies) which have the wheels removed. An accessory shipping container shall naturally and normally be incidental, subordinate in purpose or area, or both, and shall be located on the same site as the principal use, building or structure to which it is accessory.

Accessory Tent-like Structure means a pre-manufactured or constructed structure or building that consists of a main frame covered by a canvas type material. An accessory tent-like structure shall naturally and normally be incidental, subordinate in purpose or area, or both, and shall be located on the same site as the principal use to which it is accessory.

Agro-Industrial Business means an establishment that provides goods or services to the agricultural sector, including (but not limited to) anhydrous ammonia sales, fertilizer sales and service establishments, farm equipment and machinery repair shops, feed operations, livestock auction marts, and commercial seed cleaning plants.

Alterations, Incidental means changes or replacements in the non-structural parts of a building or structure, including, but not limited to the following:
(a) An addition, alteration, removal, reconstruction or replacement on the non-structural exterior of a residential building
(b) An addition, alteration, removal, reconstruction or replacement of any unroofed driveway, sidewalk, patio or any accessory building floor
(c) Alteration of non-load bearing interior partitions in all types of buildings
(d) Replacement of, or changes in, the capacity of utility pipes, ducts or conduits
(e) Replacement and placement of necessary roofing materials, awnings, eaves, overhangs and related structures, provided the area and height of the roof are not increased
(f) The addition and replacement of interior structures such as furnaces, fuel tanks, water heaters, fireplaces or wood stoves
(g) Replacement of exterior building facades

Alterations, Structural means any change, which prolongs the life of the supporting members of a building or structure, which includes, but is not limited to, bearing walls, columns, beams or girders.

Animal Confinement Facility means a barn or an outdoor area where livestock are confined by fences or other structures and includes a seasonal feeding area but does not include a feedlot or grazing area.

Animal Keeping means a use where livestock or other animals (excluding pets) less than 10 *animal units* (cumulative across species) are sheltered, bred, raised, or sold. This includes, but is not limited to, stables and kennels.

Animal Unit means the number of animals of a particular category of livestock that will excrete 73 kilograms of total nitrogen in a 12-month period as defined in the Provincial Planning Regulation - Manitoba Reg. 81/2011, as amended.

Apiary means any place where bees are kept [This definition is from The Bee Act].

Bed and Breakfast Operation means accommodation for transient lodgers in individual rooms or apartments.

Board means the Mid West Planning District Board.

Building has the meaning provided in *The Planning Act*, except that it does not include a well, pipeline, excavation, cut, fill, or transmission line.

Business and Personal Services establishments: means the occupancy or use of a building or part thereof for the transaction of business or the rendering or receiving of professional or personal services.

Cannabis and Related Terms

(a) **Cannabis** means cannabis as defined in the Cannabis Act (Canada).
(b) **Manufacturing, Indoor provincially licensed cannabis cultivation, processing and packaging facilities and their related activities** refers to a land use undertaken by person(s) and/or a corporate entity who holds a cannabis distributor licence issued under the Liquor, Gaming and Cannabis Control Act (Manitoba).
(c) **Cannabis Retail Establishment** means the premises specified in a retail cannabis licence where the retail sale of cannabis is authorized.
(d) **Retail Cannabis Licence** means a licence issued under the Liquor, Gaming and Cannabis Control Act (Manitoba).
(e) **Cannabis concentrate** means the hashish, cannabinoids, or any alkaloid, salt, derivative, preparation, compound, or mixture, whether natural or synthesized, of cannabinoids.
(f) **Cannabis-Infused Product** means a product infused with cannabis that is intended for use or consumption other than by smoking, including but not limited to, edible product, ointments and tinctures.
(g) **Cannabis Cultivation** means the large-scale growing of cannabis plants and harvesting material from those plants, as well as associated activities including development of nursery stock (seed and seedlings).
(h) **Industrial Hemp** means the growing of industrial hemp plants (those containing 0.3 per cent THC or less) and associated activities.
(i) **Cannabis Processing** means the large-scale manufacturing, packaging and labelling of cannabis products destined for sale to consumers, and the intra-industry sale of these products, including to provincially / territorially authorized distributors, as well as associated activities.

Club refers to a building owned or leased by a non-profit corporation or association, the use of which is restricted to members and their guests.

Community Garden means an area managed by a non-profit organization, a community-based entity or a public entity where members of the community may grow plants for beautification, education, recreation, community distribution or personal use.

Council means the Council of Prairie View Municipality.

Crematorium means a facility containing a certified furnace or similar device intended for use in the incineration of human or animal corpses.

Data Centre means a large group of networked computer servers typically used by organizations for the remote storage, processing, or distribution of large amounts of data that require extra mechanical systems of for cooling

Daycare means the use of premises for the care during the day for more than 8 children not residing on the premises.
(See MB Reg. 62/86 Definition, full time child-care centre)

Deck means a flat surface capable of supporting weight, like a floor, but typically constructed outdoors at least eight (8) inches from grade (ground) and with a dimension greater than five (5) FT if attached to the building in front of a door/exit. Otherwise, any sized flat surface that is over eight (8) inches from grade (ground) is considered a deck, whether attached to a building or not.

Development Officer means a person appointed by the Mid-West Planning District Board who is responsible for those duties as provided for herein.

Drive-Through Facility means a facility designed to provide goods or services to the persons in standing (as opposed to parked) motor vehicles, including but not limited to a drive-through restaurant or bank.

Dwelling means a building designed for residential occupancy in accordance with the provisions of the Manitoba Buildings Act and includes the following:

(a) **Dwelling, Farm -** means a single-unit, mobile home or modular home which is the principal residence of the owner or operator of a permitted or conditional agricultural activity, and which is located on the same site or a new site taken from the agricultural activity.
(b) **Dwelling, Multi-Unit** - means a building or group of buildings on a single title containing three (3) or more dwelling units, with each dwelling unit being designed for and used for the exclusive occupancy of one (1) dwelling;
(c) **Dwelling, Single-Unit** - means a detached building designed and used for the exclusive occupancy of one (1) dwelling.
(d) **Dwelling, Two-Unit** - means a detached or semi-detached building designed and used for two (2) families, with each dwelling having exclusive occupancy of a dwelling unit.
(e) **Dwelling, Non-Farm** – means a single-unit dwelling, mobile home or modular home on a site used for residential purposes, regardless of the owner's occupation, and found in the **"AG" Agricultural General Zone.**

Dwelling Unit means one or more habitable rooms in a building designed for one or more persons living as a single housekeeping unit, with cooking, eating, living, sleeping and sanitary facilities.

Enlargement means an addition to the floor area of an existing building or structure, or an increase in that portion of land occupied by an existing use.

Exterior Landing means a flat surface capable of supporting weight, like a floor, but typically constructed outside a door/exit or within a flight of stairs with no horizontal dimension greater than five (5) FT.

Farm Building/Structure means a building or structure, other than a dwelling, which does not contain a residential occupancy, located on a farm and used or to be used in the actual farming operation and which is:

(a) associated with and located on land devoted to the practice of farming and considered to be an "Agricultural Operation", and
(b) used essentially for the housing of equipment or livestock, or the production, storage or processing of agricultural and horticultural produce or feeds, such as barns, produce storage buildings, milking centres, piggeries, poultry houses, grain bins, silos, machinery sheds, farm workshops, feed preparation centres, manure storages, greenhouses and garages not attached to a farm residence, and
(c) has a Low Human Occupancy (as applying to farm buildings) means an occupancy having an occupant load of not more than 1 person per 40 SQMs during normal use.

Feedlot means an outdoor area that is fenced to confine livestock solely for the purpose of growing or finishing, but does not include:

(a) A grazing area; or
(b) A seasonal feeding area.

First Storey means the uppermost storey having its floor level not more than 2 meters above grade**.**

General Agricultural Activities means a use of land for agricultural purposes, including production of field crops, apiculture, floriculture, horticulture and the necessary accessory uses for packing, storing or treating the produce, but does not include the following:

(a) livestock operations,
(b) storage, handling or processing of agricultural products for the general public in return for remuneration, or;
(c) sales or servicing (in return for remuneration) of agricultural equipment.

Grade means the average level of finished ground adjoining a building or structure at all exterior walls, as determined by the Development Officer.

Grazing Area means lands used for pasture or crop production on which livestock may be kept year-round or seasonally and are fed primarily by direct consumption of plant material grown on the area, and where manure produced by those livestock does not accumulate such that mechanical removal is required.

Height means the total number of storeys in a building or the vertical distance measured from grade to: a) the highest point of the roof surface of a flat roof b) the deck or eaves of any other roof type

Home Based Business - Types:

(a) Home Industry means a small-scale manufacturing, repair or trade activity such as but not limited to a welding shop, plumber, electrician, carpentry or cabinet maker, auto repair mechanic or trucking operation and similar uses which are carried on in or from a dwelling or its accessory building for consideration and which is located on the same site and which is clearly secondary and incidental to the principal use of the property.

(b) Home Occupation means an occupation, trade, profession or craft such as but not limited to a hair salon, bed and breakfast operation, tearoom, home day care operator, lawyer or accountant and similar uses which are carried on in or from a dwelling unit or its accessory building for consideration and which is clearly incidental or accessory to the principal use of the property.

Kennel means premises upon which more than five (5) dogs or 10 cats, not including animals less than four (4) months of age, are boarded, bred, trained or cared for in return for remuneration or are kept for the purpose of sale.

Manure Storage Facility - Types:

(a) **Earthen Manure Storage Facility** means a structure built primarily from soil, constructed by excavating or forming dikes, and used for storing or retaining livestock manure, but does not include
    (i) a collection basin;
    (ii) a field storage site; or
    (iii) a temporary composting site for manure.

(b) **Non-Earthen Manure Storage Facility** means a non-earthen structure, molehill, tank or other non-earthen facility for storing or treating manure but does not include a gutter or concrete pit used to contain liquid or semi-solid manure for less than 30 days for the purpose of moving the manure to a manure storage facility.

Mobile Home means a manufactured home constructed of single or multiple sections constructed as a portable dwelling (single unit dwelling) unit that is capable of being transported on its own chassis and running gear by towing or other means, and which is designed to be connected to external electrical, water and sewer facilities, and to be used as a single dwelling unit and comprises not more than one storey and at a minimum complies with CAN/CSA Z240 MH Series of Standards at the time of construction (under the Buildings and Mobile Home Act (as amended). Foundations for these homes are at a minimum constructed to CAN/CSA Z-240 Standards (Deformation Resistant Foundations).

Mobile Home Park means an area of land upon which mobile home spaces are rented to individual owners of mobile homes, and which has been approved by Council.

Mobile Home Space means a space in a mobile home park, which may be rented/leased by an individual for the placement of a mobile home.

Mobile Home Subdivision means an area of land which is subdivided into mobile home sites which may be sold for the placement of mobile homes.

Modular Homes are a pre-manufactured single unit dwelling built in a factory in one or more finished sections for transport to a site for installation. These dwelling units are similar to but distinct from a mobile home. Modular (pre-manufactured homes) are at a minimum certified to CAN/CSA A277 standards at the time of construction. Foundations for these types of buildings may be constructed as permanent foundations or other approved foundations.

One in Two-Hundred Year flood means a flood that can be expected to occur, on average, once in 200 years

Party Wall means a wall jointly owned and jointly used by two parties under easement agreement or by rite in law, and erected at or upon a line separating two parcels of land each of which is, or is capable of being a separate real estate entity.

Place of Worship means a building (ex: a church, chapel, mosque, synagogue, or temple) primarily used for religious purposes.

Principal Use means the primary or predominant activity on any lot or within any building or structure.

Pole Type Structure / Building means a building or structure typically constructed with its main frame and foundation consisting of laminated, sawn or natural (round) wood poles.

Portable Garage means a temporary structure intended to store goods or materials that may consist of metal or steel frame and is covered by such material as canvas, plastic, polythene, various types of fabric or similar materials.

Principal Building means a structure on a site used to accommodate the principal use or structure.

Private Pool means an artificially constructed basin, lined with concrete, fibreglass, vinyl or like material, that is capable of containing a water depth greater than 60 cm (24 inches) and that is located on the property of a single-family dwelling, non-farm dwelling, or farm dwelling use. This includes but is not limited to above-ground, in-ground, inflatable and temporary outdoor swimming pools, landscaping pools, hot tubs and spas that meet the depth requirement.

Public Utility means any system, works, building, plant equipment or service, excluding telecommunications towers (private for profit), wind energy generation stations (WEGS) and private for profit commercial solar energy generation systems, developed for the purpose of and are engaged in supplying or collection of electrical energy, steam, gas, water, wastewater, solid waste, refuse, or the supply of radio/internet communication services.

Residential Care Facility means a building in which residential accommodation, plus supervision, care or treatment, is provided to 5 or more persons, by a person or persons employed for the purpose.

Secondary Suite means a self-contained detached or attached accessory dwelling-unit located within and/or forming part of a permanent single-unit dwelling, farm dwelling or non-farm dwelling on a single zoning site. A secondary suite is comprised of a single dwelling unit and has its own separate access, cooking, sleeping and sanitary facilities which are separate from and not shared with those of the principal dwelling. This accessory use does not include duplex housing, semi-detached housing, multiple-dwelling housing or apartment housing.

Sign means any writing (including letters, words, or numerals), pictorial representation (including illustration or decoration), emblem or logo (including device, symbol or trademark), banner, pennant or any other figure of similar character (excluding display windows) which:

(a) Is a structure or any part thereof, or is attached to, painted on, or in any other manner represented on or in a building or other structure;
(b) Is used to identify, direct attention to, or advertise;
(c) Is visible from outside a building.

Sign Types

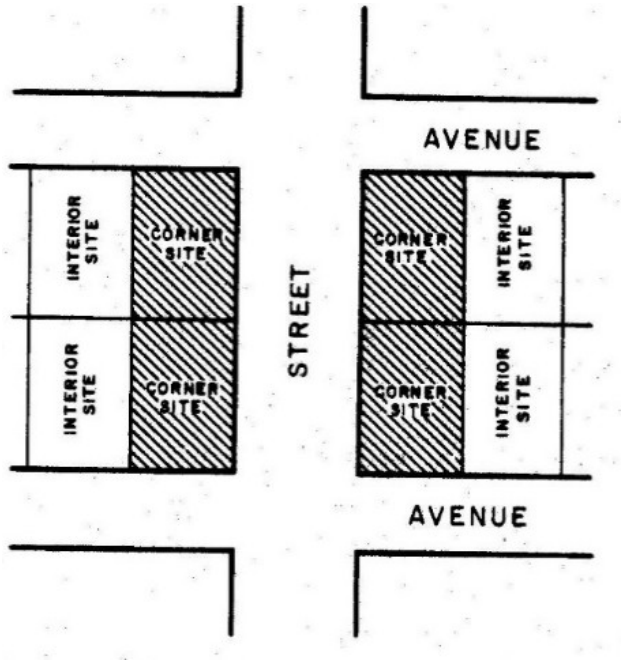

(a) **Address Sign** means a sign, generally applied to a building wall that displays a building's address.
(b) **Advertising Sign** means a sign directing attention to a business, commodity, service or entertainment conducted, sold or offered elsewhere than on the zoning site where the sign is maintained.
(c) **Awning Sign** means lettering applied directly on the valance or other vertical portion of an awning.
(d) **Bulletin Board** means a sign of permanent character, but with movable letters, words or numerals indicating the names of persons associated with, or event conducted upon, or products or services offered on the same zoning site upon which the bulletin board sign is maintained, e.g. school, church, community centre and similar uses.
(e) **Business Sign** means a sign directing attention to a business, commodity, service or entertainment conducted, sold or offered upon the same zoning site where the sign is maintained.
(f) **Clearance** means the height above the walkway, or other surface if specified, of the bottom edge of an element.
(g) **Construction Sign** means a sign which identifies a construction project and information relative thereto.
(h) **Fascia or Wall Sign** means any sign attached against the surface of, or against or within a recess in the wall, a column or other perpendicular portion of a building in a position essentially parallel to said wall, column or other perpendicular position. A fascia sign shall also mean any sign attached to the walls of two or more buildings and spanning the spaces between the said buildings.
(i) **Flashing Sign** means an illustrated sign on which artificial light is not maintained constant in intensity and colour at all times when such sign is in use.

(j) **Freestanding Sign** means a sign supported by a vertical column or columns placed in the ground with the sign surface area above ground level.
(k) **Identification Sign or Nameplate** means a sign that identifies the business, owner, resident or the street address and which sets forth no other advertisement.
(l) **Illuminated Sign** means a sign designed to give forth any artificial light or reflect light from an artificial source.
(m) **Marquee Sign** means a sign attached to a marquee, canopy or awning projecting from and supported by a building.
(n) **Outdoor Display Case** means a sign consisting of a lockable metal or wood framed cabinet with a transparent window or windows, mounted onto a building wall or freestanding support. It allows the contents, such as menus or maps, to be maintained and kept current.
(o) **Portable or Mobile Sign** means a sign with or without a structural frame and intended for a limited period of display, but shall have no red, green or amber lights thereon, and with no blinking or scintillating lights when the sign faces a residential area.
(p) **Projecting Sign** means any sign other than a fascia sign, which is attached to a building and extends beyond the exterior wall of the said building beyond the surface of that portion of the building to which it is attached.
(q) **Roof Sign** means any sign erected, constructed and maintained wholly upon or over the roof of a building with the principal support on the roof structure.
(r) **Sidewalk Sign or Sandwich Board** means a moveable freestanding sign that is typically double-sided, placed at the entrance to a business to attract pedestrians.
(s) **Temporary Sign** means a sign which is not permanently anchored to a footing extending below grade or permanently affixed to, or painted on, a building and on which the copy has been painted or affixed in a permanent manner. The copy on the sign shall relate to an activity, use or event of a limited time duration not exceeding six months. Temporary signs include political campaign signs, real estate signs, construction identification signs, signs involving seasonal businesses, and signs advertising specific community events. For the purpose of this By-law, temporary signs shall not include portable signs.
(t) **Valance** means the portion of an awning that hangs perpendicular to the sidewalk.
(u) **Window Sign** means a sign placed or painted on the interior of a shopfront window or the window of a business door.
(v) **Yard Sign** means a permanent freestanding sign in a Front Yard, including a supporting post or posts.

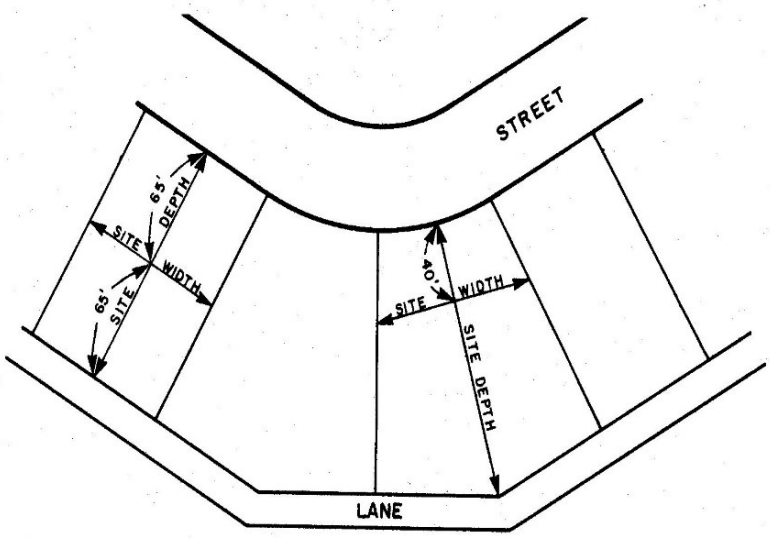

Sign Surface Area means the entire area within a single continuous perimeter enclosing the extreme limits of writing, representation, emblem, or any figure of similar character, including any frame or other material or colour forming an integral part of the display or used to differentiate such sign from the background against which it is placed. Where a sign has two or more faces, the area of all faces shall be included in determining the area of the sign, except that where two such faces are placed back to back and are at no point more than two (2) FT from one another, the sign surface area of the sign shall be taken as the surface areas of one face if the two faces are of equal area, or as the surface area of the larger face if the two faces are of unequal area.

Site means an area of land which:
(a) is occupied or intended to be occupied by a principal use or by a use of a building or group of buildings, together with accessory buildings and structures as are provided for herein, along with required yards;
(b) has frontage on a street, or has any lawful means of access satisfactory to Council, or as otherwise provided for herein; and
(c) is of sufficient size to provide for the minimum requirements of this By-law for a permitted or conditional use in a zone where the use is located.

Site, Corner means a site situated at the intersection of 2 streets.

Site Depth means the horizontal distance between the centre points in the front and rear site lines.

Site, Interior means a site other than a corner site.

Site Lines

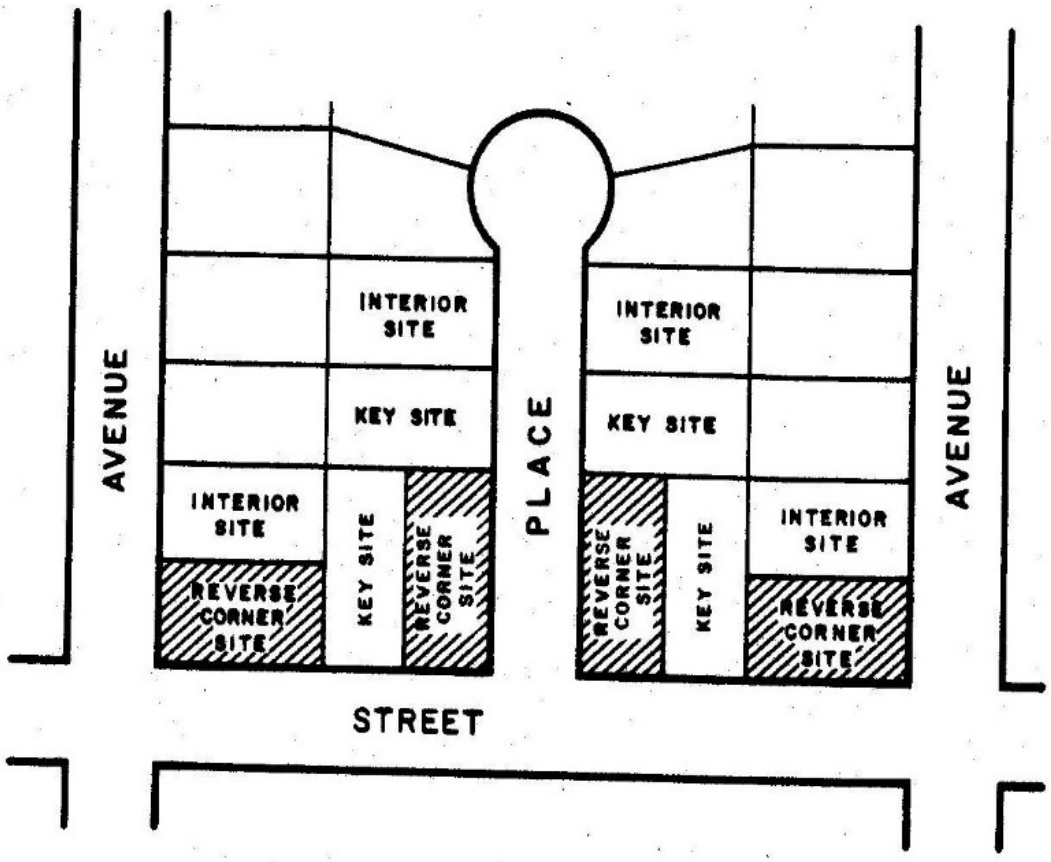

(a) **Front site line** means:
- (i) the boundary of a site along any/all streets or highway;
- (ii) for a corner site, the continuation of the front site line of the abutting interior site.

(b) **Rear site** line means:
- (i) that boundary of a site which is most nearly parallel to the front site line;
- (ii) where the side site lines intersect, a line 10 FT in length within the site, parallel to and at the maximum distance from the front site line.

(c) Side site line
- (i) means any boundary of a site which is not a front or rear site line.

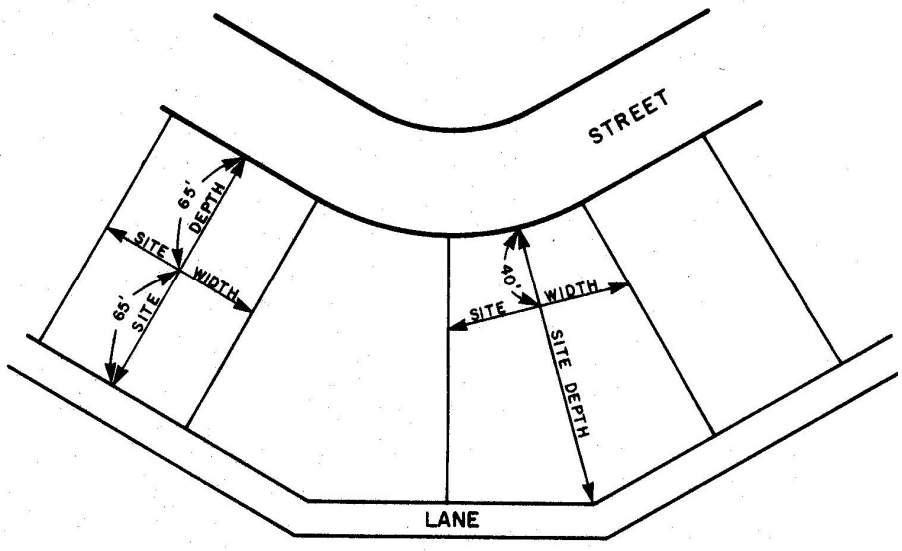

Where it is not possible to determine site lines according to these definitions, they shall be determined by the development officer.

Site, Reverse Corner means a corner site, the flanking street site line of which is substantially a continuation of the front site line of the first site to its rear.

Site, Through means a site having a pair of opposite site lines along two (2) more or less parallel streets. On a through site both street lines shall be deemed front site lines.

Site, Width means the horizontal distance between the side site lines, measured at right angles to the site depth at a point midway between the front and rear site lines, or at 40 FT from the front site lines, whichever is less.

Solar Collector means a panel or other solar energy device with the primary purpose of gathering, storing, and distributing solar energy for electricity generation, space heating, space cooling, or water heating.

Solar Collector, Commercial means a solar collector designed and built to provide electricity for commercial sale and distribution to the electricity grid (ex: a solar farm).

Solar Collector, On-Site Use means a solar collector intended to primarily serve the electrical needs of the on-site user or consumer (either behind the meter or off-grid) rather than to produce power for resale. Rooftop Solar Collectors are a type of On-Site Use Solar Collectors.

Solar Collector, Rooftop means a roof mounted solar collector and associated equipment for converting solar energy to power.

Specialized Agricultural Activities means agricultural activities such as apiculture, floriculture, horticulture, greenhouses, nurseries, market gardening and other activities of a like nature which do not require large acreages of land, and which in the opinion of Council, provide a major component of household income.

Storey means that portion of any building which is situated between the top of any floor and the top of the floor next above it; and if there is no floor above it, that portion between the top of such floor and the ceiling above it.

Structure means a thing constructed or erected with a fixed location on or below the ground or attached to something with such a fixed location. It includes, but is not limited to, buildings, walls, fences, signs, billboards, light standards and antennas.

Surface Watercourse means the channel in or bed on which surface water flows or stands, but does not include a dugout, drain, reservoir, intermittent slough, drainage ditch or intermittent stream that is completely surrounded by private land controlled by the owner or operator of an agricultural operation and that has no outflow going beyond the private land or an infield ephemeral drain.

Surface Water means any body of flowing or standing water, whether naturally or artificially created, including, but not limited to a lake, river, creek, spring, drainage ditch, roadside ditch, reservoir, swamp, wetland and marsh, including ice on any of them, but not including a dugout or reservoir on the property of an agricultural operation. Where this By-law requires a use, building or structure to be set back a certain distance from "surface water", that distance shall be measured from the ordinary high-water mark of the surface water or from the nearest and highest bank of the surface water, whichever is further from the surface water.

Use means any purpose for which a building, structure or site may be designed, arranged, intended, maintained or occupied; or any activity, occupation, business, or operation carried on, or intended to be carried on, in a building, structure or on a site.

Wind Energy Generation Station (WEGS) means a site and facility that is comprised of, but not limited to, one or more wind turbine generator towers, and may include associated accessory operations and maintenance buildings, research or meteorological towers, collector grids, roads and substations that convert wind energy to electrical energy for use or sale by a private commercial enterprise. It must have a collective nameplate rating of 0.75 megawatt or greater and be connected to the transmission or a local distribution grid. The (WEGS) can be comprised of either a leased or an owned site.

Wind Energy Generation System means any device or group of devices such as a wind charger, windmill or wind turbine that converts wind energy to electrical energy whether it is used for personal use or for generation of power for sale by an enterprise.

Wind Energy Generating System, On-Site Use means a wind energy generating system intended to primarily serve the electrical needs of the on-site user or consumer (either behind the meter or off grid) rather than to produce power for resale. Rooftop Wind Energy Generation Systems are a type of On-Site Use Wind Energy Generating System.

Wind Energy Generation System, Rooftop means a roof mounted wind turbine(s) and associated equipment for converting wind energy to power.

Urban Farm means a site or building within a settlement centre where fruits, vegetables, and other plant products are grown, washed, or packaged for wholesale or retail sales. This use is distinct from animal keeping.

Yard means an open area between the exterior wall of a building and the boundaries of the site on which it is located.

Yard, Required means an open area, on the same zoning site with a building or structure which is unoccupied and unobstructed from its lowest level to the sky, except as otherwise permitted herein. A required yard extends along a site line to a depth or width (measured from the site line) specified in the yard requirement for the zone in which it is located.

(a) **Yard, Required, Corner Site** means a side yard which adjoins a street.

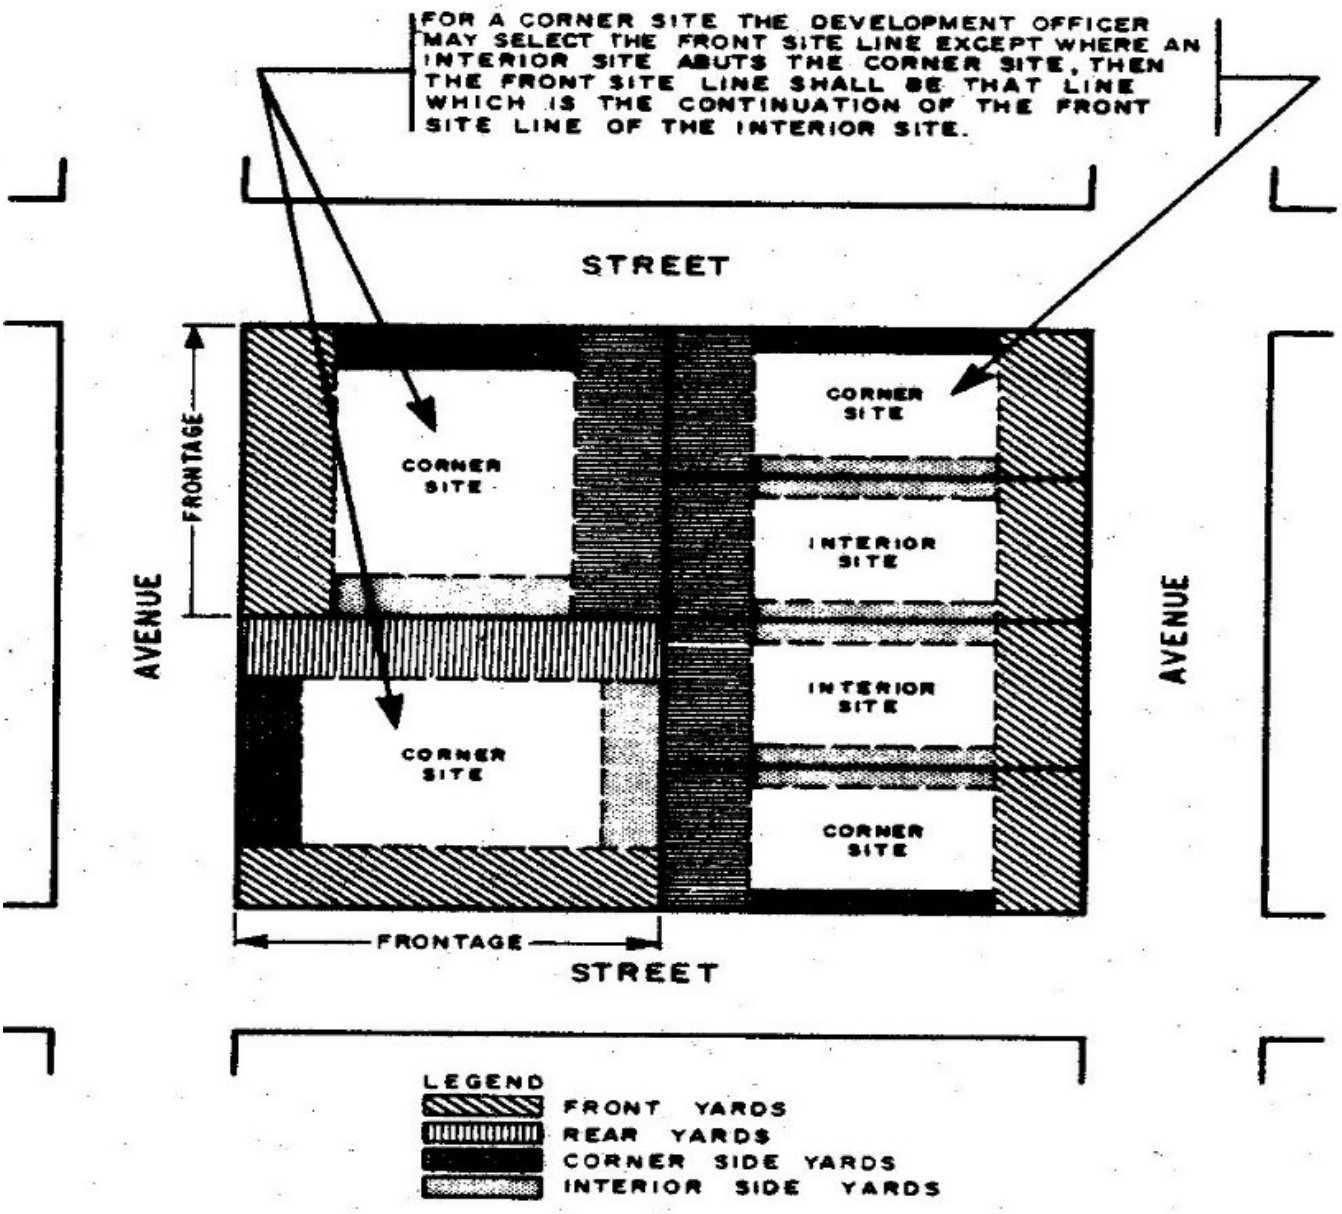

(b) **Yard, Required, Front** means a yard extending along the full length of the front site line between the side site lines (typically where access to the site is provided).

(c) **Yard, Required, Interior Side** means a side yard which is adjacent to another site, or to a lane separating such side yard from another site.

(d) **Yard, Required, Rear** means a yard extending along the full length of the rear site line between the side site lines.

(e) **Yard, Required, Side** means a yard extending along the side site line from the required front yard to the required rear yard.

The following sketch illustrates the foregoing definitions of yards:
